My home at 800 E Highland Drive burned to the ground on Wednesday during the mountain fire. Thanks for all the resources being made available. We have all we need.

What I am urgently calling for is immediate action on erosion control. Please don't let bureaucracy bog down the action needed. Our steep hillsides can be hydro mulched by airplane. This was done after the Jesusita fire in Santa Barbara. Please act now and quickly. Rain season is fast approaching and we don't have a lot of time to act. More homes will be lost. Roads will be washed out. We need to do what we can now.

Thank you,
Alice Blois
800 E Highland Dr.
Camarillo
