Dear Supervisors,

I want to thank the Community Health Center Board for all the work they have done and the oversight they give to our clinics. As a practicing doctor in our County clinic system, I too hope to be updated on the projects undertaken by the Ambulatory Care Administration. I tried attending this public meeting last year but had to skip lunch and could only stay for 10 minutes. It is difficult for clinic employees and patients to attend these meetings. If feasible, I ask that the County provide sufficient audio-visual resources so that the CHC Board meetings can be broadcasted like other County meetings. The meeting agenda has not been posted to their website (<https://vchca.org/community-health-center-board>) since December 2023, and the meeting minutes have not been updated since July 2023. I ask that the CHC Board members engage directly with clinic staff and patients, and encourage more access for public participation. Thank you.
