Re: Consent Agenda Item #21 Harbor Department's Recommendations Regarding the Rehabilitation Project for the Channel Islands Harbor Kiddie Beach Parking Lot

Chair Long and Supervisors:

We applaud the Harbor Department's ongoing efforts to revitalize the harbor by implementing much needed repair and maintenance of the harbor's facilities that have been neglected for many, many years.

We also recognize and want to express our thanks for the County's and Board's support of those efforts and those that prioritize visitor serving development at the harbor. Channel Islands Harbor is a rare and irreplaceable coastal asset. We believe it is important to revitalize and protect this Harbor for all to enjoy.

We support approval of this item.
