#### Senior Registered Nurse - Hospital

Kevin Braver started in the Ventura County Medical Center as a newly graduated Per Diem RN. He entered the Preceptorship Program and worked the night shift on the old 3-West. He then took a full-time position in Pediatrics, working the night shift for 12 years while also working in the NICU and ICU. For three years he served as Clinical Manager of Pediatrics and helped plan the birth of VCMC's first PICU.

Kevin missed his bedside role, so returned to work in Peds/PICU/NICU/ICU, shifts in the ER, and eventually transitioned into the Adult ICU as his dedicated area.

In 2019, he became the Clinical Manager of the ICU, DOU, and TELE. COVID brought on some very scary and unencountered challenges. Today, he is back working as a bedside nurse.

Kevin is thankful for the opportunities, the many patients and families he has had the good fortune to help, and the great friends he has made along the way.

Congratulations and thank you for your care in service to our community.
