## Acres Acknowledgement Form

Planning Division Report Back Regarding When to  
Count the Allocation of the 100-Acres Limitation  
Set Forth in Non-Coastal Zoning Ordinance Section  
8107-49.1

Case No. PL23-0075

*This page is intentionally left blank.*

## Acknowledgment of Acreage Limitation

### County of Ventura • Resource Management Agency

800 S. Victoria Avenue, Ventura, CA 93009-1740 • (805) 654-2478 • [www.vcrma.org/divisions/planning](http://www.vcrma.org/divisions/planning)

Prior to a determination of application completeness for an *Energy Storage* facility Conditional Use Permit (CUP), the applicant (agent) and property owner are required to sign and submit this form, which is an acknowledgement that the County of Ventura has established a cumulative 100-acre limitation for *Energy Storage* facilities that are authorized as principal use within the combined Open Space (OS), Agricultural Exclusive (AE), and Rural Agriculture (RA) zones. Pursuant to Non-Coastal Zoning Ordinance Section 8107-49.1, the total acreage for an *Energy Storage* facility, including accessory equipment and structures but excluding the area for ingress and egress to the facility, counts toward this acreage limitation if and when each separate Conditional Use Permit is granted for this land use. Consequently, it is possible that insufficient acreage will remain available for your proposed project by the time your proposed Conditional Use Permit is considered for approval by the County of Ventura.

Property Owner Name: \_\_\_\_\_

Property Owner Address: \_\_\_\_\_

I understand my permit application is subject to the acreage limitation set forth in the Non-Coastal Zoning Ordinance Section 8107-49.1, and hereby acknowledge the following:

*Initial Below*

\_\_\_\_\_ That the County of Ventura has established a cumulative 100-acre limitation for *energy storage* facilities within the combined OS, AE, and RA zones.

\_\_\_\_\_ That all principal use/grid scale *energy storage* in OS, AE, and RA zones are subject to the 100-acres limitation and that a CUP application for an *energy storage* facility may be denied or need to be modified if, combined with the acres utilized by previously approved *energy storage* projects in OS, AE, and RA zones, would cause the cumulative 100-acre limitation to be exceeded.

\_\_\_\_\_ That I, the undersigned, have filled out and submitted a complete Agent Authorization form.

\_\_\_\_\_ That I, the undersigned, have informed the property owner of the cumulative 100-acre limitation for *energy storage* facilities within the combined OS, AE, and RA zones.
