**Attn: WWD19 Water Rate Protest**

VC Public Works  
6767 Spring St.  
PO Box 2450  
Moorpark, CA 93020-0250

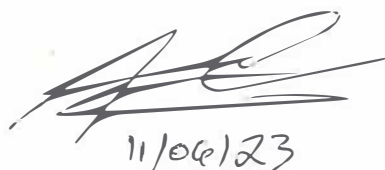

To whom this concerns,

This letter is sent in response to the Notice of Public Hearing letter mailed to all water district No. 19 customers.

As a property owner at the address listed above, and consumer of VC Public Works water, I strongly oppose this increase. The rates are already extremely high and constant increase will lead to the reduction and/or loss of small farms in the area, including ours. Residents will simply stop watering and small orchards will no longer exist.

Please do not proceed with the proposed increase.

Sincerely,

11/06/23

Andreas Tompros
