The establishment of a WDB is mandatory for the County's receipt of federal Workforce Innovation and Opportunity Act (WIOA) revenues. Per WIOA guidance, workforce development boards must maintain certain mandated representation and are to work in partnership with local elected officials in the areas of policy development and oversight of local program investments in workforce preparation. Procedures for nominations established and managed by the WDB have been followed to ensure consistency with membership provisions of WIOA. A brief description of the nominee and the specific membership category represented are attached. The proposed nominee meets the criteria for representation in their respective membership category.

Although WDB Bylaws call for no fewer than 19 and no more than 45 members, neither the federal Workforce Innovation and Opportunity Act (29 U.S.C. § 3101 et seq.) nor California's equivalent (Unemp. Ins. Code § 14202) require a specific number of local WDB members. Should your Board approve the recommended action, we will have 27 voting members and one non-voting member. Moreover, the WDB meets all membership composition requirements, with the majority of its members recruited from the private business sector and the remaining members chosen from labor/workforce, education and training, and government, economic, and community development organizations.

Through recruitment efforts adopted by the WDB and coordinated through your Board, we will continue to work to add new members to meet and maintain membership and composition standards.
