Dear Board of Supervisors

As a resident and voter, I fully support Agenda Item 65—two proposals that will help transition the county away from fossil fuels. Let's educate constituents about tapping IRA funds and help with retrofitting existing residential and nonresidential buildings. This is a win-win—it economically helps constituents, builds more jobs and reduces green house gas emissions.

I also support the second proposal to electrify County government buildings. This policy builds on the 2019 decision to purchase electric vehicles for the County fleet. Let's keep moving forward and approve this proposal.

Best,

Faith Grant
