Dear Board of Supervisors,

My name is Carmen Ramirez and I work as a family physician at las Islas family medical clinic. Like many of my colleagues, I was the first in my family to graduate high school , college and pursue a medical degree. Many of us of have made countless of sacrifices to dedicate our careers to serving the communities we currently working in. Thus, we ask that you please review the purposed budget cuts for the clinics- a budget that at first glance appears to purpose the removal of several primary care physicians that are currently working. Please help us have a transparent and fair negotiation with the county. Thank you for your time.
disclaimer: My statement as a private citizen does not necessarily reflect the view of the HCA or the County of Ventura Government.
