To whom this may concern:

I, Alicia Villa Mendoza, the owner of 217 East Stroube Street, Oxnard Ca. 93036 (parcel number 145-0-153-210), am writing this letter to express my strong opposition to the proposed sewer rate increase.

I believe that the proposed increase is unjustified and will place an undue burden on residents like myself. I kindly request that you reconsider this decision and explore alternative solutions that are fair and reasonable for all parties involved.

Thank you for your attention to this matter. I trust that you will carefully consider the concerns raised by the community.

Sincerely,

Alicia Villa Mendoza
