County of Ventura Board of Supervisors

Subject: Approval of, and Authorization for, Three Specific Projects Involving Repair, Remodeling, or Other Repetitive Work at Various County Facilities to be Done According to Unit Prices Under Existing Job Order Contracts with MTM Construction, Inc., and TAFT Electric Company.

Recommendations:

1. Approve and authorize three specific projects, shown in Exhibit 1 hereto, involving repair, remodeling, or other repetitive work at various County facilities to be done according to unit prices under existing job order contracts with MTM Construction, Inc., and TAFT Electric Company.
2. Find Project Nos. CR25072, HSA24155, PDO25046, as shown in Exhibit 1 hereto, categorically exempt from the California Environmental Quality Act (CEQA) under CEQA Guidelines, section 15301 (Existing Facilities)

Discussion:

The Board annually awards Job Order Contracts (JOC), consistent with Public Contract Code section 20128.5, which allow the County to complete individual projects at County facilities involving the repair, remodeling, or other repetitive work to be done according to unit prices for typical work under the overall umbrella of the JOC. Individual projects under the JOC are priced by selecting the proper construction tasks and multiplying them by the correct quantity and appropriate unit price. In accordance with Public Contract Code section 20128.5, no project shall be performed under these contracts except by order of your Board.

On 3/12/24, your Board approved a Job Order Contract with MTM Construction Inc for a total amount of \$5,984,222 for one year under ITB 6161 (General). To date, approximately \$4,126,348.56 has been expended under the JOC on various individual projects at County facilities this year.
