WHEREAS, the County must adopt by resolution a list of projects proposed to receive fiscal year funding from the Road Maintenance and Rehabilitation Account (RMRA), created by SB 1, which must include a description and the location of each proposed project, a proposed schedule for the project's completion, and the estimated useful life of the improvement; and

WHEREAS, the County, will receive an estimated \$17,101,273 in RMRA funding in Fiscal Year 2025-26 from SB 1; and

WHEREAS, this is the ninth year in which the County is receiving SB 1 funding and will enable the County to continue essential road maintenance and rehabilitation projects that would not have otherwise been possible without SB 1; and

WHEREAS, the County has undergone a process to ensure public input and community priorities when preparing the multi-year paving plan, and other road maintenance and safety projects, from which the project list is prepared;

WHEREAS, the County used a Pavement Management System to develop the SB 1 project list to ensure revenues are being used on the most high-priority and cost-effective projects that also meet the communities' priorities for transportation investment; and
