OTHER DESIGNATIONS

This group of designations is applied to extensive areas of the county where good conservation practices and interagency coordination are imperative. ~~These~~ This designations identifies and geographically locates resource areas of the county for their conservation, development, and utilization. These areas are characterized by minimal development and the limited availability of public services.

~~PARKS & RECREATION LAND USE DESIGNATION~~

~~Parks & Recreation (PR)~~

~~This designation provides for parks and recreation facilities and associated recreation uses. The Parks and Recreation (PR) designation is only allowed in areas designated as Existing Community, Area Plans, or Areas of Interest under Policy LU-1.2.~~

~~Typically, these areas are characterized by a high degree of open space, and a limited number of buildings. Recreational facilities frequently include sports fields, playground equipment, picnic areas, sitting areas, concession businesses, open turf and natural areas, trails, and golf courses.~~

~~Connectivity to surrounding areas via pedestrian and bicycle facilities is desired.~~

~~Development Standards~~

~~Development within this designation is subject to the following standards:~~

- ~~■ Maximum Density: Not applicable~~
- ~~■ Minimum Lot Size: Not applicable~~
- ~~■ Maximum Lot Coverage: 5 percent~~

[Staff Explanation: The description of the Parks and Recreation land use designation is proposed to be removed because a description is not needed if this land use designation is removed from the General Plan.]

STATE, FEDERAL, OTHER PUBLIC LANDS LAND USE DESIGNATION

State, Federal, Other Public Lands (P)

This designation applies to those state- and federally-owned parks, forests, rangelands, coastal resources, and/or recreation areas. For state land within the coastal zone, the County has land use authority except for land under the California Coastal Commission's jurisdiction (i.e., beaches and tidelands). For all other areas the County has no land use authority. Areas so designated include land under federal or state ownership on which governmental facilities are located.

Principal uses of these areas include: continued provision of public recreational facilities and access; multi-use management where applicable; support for rangeland activities, and interconnection or coordination of state, federal, and local facilities and programs when possible.

Development Standards

Development within this designation is subject to the following standards:

- Maximum Density: Not applicable
- Minimum Lot Size: Not applicable
- Maximum Lot Coverage: Not applicable
