WARNING: If you believe this message may be malicious use the Phish Alert Button to report it or forward the message to Email.Security@ventura.org.

To the Board:

As a concerned citizen and Ventura County native, I feel a sense of betrayal by the lack of transparency in your settlement with the oil industry.

Nothing about reversing the decision by the Planning Commission to stop a 23 oil well re-drill project garners faith that the Board of Supervisors is acting to protect the environment and promote safety.

Please CONTINUE to stand on the side of our protected environment. Protect the beautiful lands of Ventura County and her people.

Your actions are important for future generations. Please consider this over oil industries dirty works and stand firmly on the side of justice statewide for environmental safety. You are protecting all life by doing so.

Respectfully,

Patricia Alexakis
