Dear Supervisor LaVere:

From one attorney to another, we both know that subjective terms in a settlement agreement such as the proposed “when feasible” settlement term are vague and measureless. The subjective and undefined settlement terms are ripe for “interpretation” and abuse. As such, I request you and the County Board of Supervisors to reject the proposed settlement.

Please respect the voices of Ventura County residents, prioritize our health, and protect the Ventura County 2040 General Plan.

Sincerely,

Deborah Meyer-Morris, M.A.
