

ORDINANCE NO. 4629

**AN ORDINANCE OF THE COUNTY OF VENTURA, STATE OF CALIFORNIA,  
AMENDING DIVISIONS 2 AND 12 OF THE VENTURA COUNTY ORDINANCE CODE  
TO REGULATE SIDEWALK VENDING**

The Board of Supervisors of the County of Ventura ordains as follows:

**Section 1**

The Board of Supervisors makes the following findings in adopting the Ordinance:

1. On September 17, 2018, Governor Brown signed Senate Bill 946 (SB 946) into law, adding sections 51036 through 51039 to the Government Code, which took effect on January 1, 2019;
2. SB 946 limits the authority of cities and counties to regulate sidewalk vendors except in accordance with the provisions of Government Code sections 51038 and 51039;
3. More specifically, SB 946 limits local regulations to those expressly provided for in the bill or those that are otherwise directly related to objective health, safety, or welfare concerns;
4. SB 946 decriminalizes sidewalk vending and limits local regulations to those expressly provided for in SB 946 or are otherwise directly related to objective health, safety or welfare concerns;
5. The act of vending in County of Ventura (County) public road rights-of-way that are not sidewalks and are not designed or intended for pedestrian travel does not constitute sidewalk vending and is prohibited pursuant to Section 12217 of the Ventura County Ordinance Code because such activity creates the potential for safety hazards, including by encouraging vehicles to pull off of and onto the roadway at unsafe locations and to make unlawful U-turns; encouraging pedestrians to cross mid-block or stand in or directly adjacent to roadways and other inherently dangerous locations; impeding the orderly flow of vehicle and bicycle traffic; and interfering with the performance of police, firefighter, and emergency medical personnel services;
6. The act of vending on public sidewalks and pedestrian paths creates the potential for safety hazards, including by inhibiting the ability of individuals with disabilities and other pedestrians to follow a safe path of travel; interfering with the performance of police, firefighter, and emergency medical personnel services; encouraging pedestrians to cross mid-block or stand in roadways to purchase food and merchandise;

7. Ensuring the unobstructed flow of pedestrian traffic on public sidewalks and pedestrian paths promotes public safety by minimizing the risk that pedestrians will jostle one another, collide, trip, or fall, and safeguarding the ability of the public to safely be away from dangerous situations, such as vehicular and bicycle traffic that may occur on or near public streets, sidewalks, and pedestrian paths;
8. Hindrances to the free flow of pedestrian traffic may interfere with the work of public safety personnel seeking immediate access to emergency situations and with other work vital to the public health and safety, such as cleaning and maintenance of public places and public property;
9. Regulations of sidewalk vendors are needed to accommodate the equipment of sidewalk vendors while safeguarding pedestrian movement on public sidewalks and pedestrian paths;
10. Regulations of sidewalk vendors engaged in the sale of food are also needed to protect the public health and safety and in accordance with the requirements of the Ventura County Environmental Health Division to ensure compliance with sanitation, food preparation, and food handling laws to protect against food contamination, poor hygienic practices, and food poisoning;
11. Regulations of sidewalk vendors are also needed to prevent hazardous or unsanitary conditions and to ensure that trash and debris are appropriately removed by sidewalk vendors so that such trash and debris do not become a pollutant by being left, thrown, discarded, or deposited on public streets, sidewalks, pathways, gutters, storm drains, or upon public or private lots;
12. Restrictions on sidewalk vending in public parks and beaches are necessary to ensure the public's use and enjoyment of natural resources and recreational opportunities, and to prevent an undue concentration of commercial activity that would unreasonably interfere with the scenic and natural character of these areas;
13. Restrictions on sidewalk vending in residential areas are necessary to ensure that such areas are protected from excessive noise and traffic impacts, while allowing economic opportunities for sidewalk vendors;
14. The regulations and requirements set forth in Section 3 of this ordinance are directly related to the County's objective in protecting the health, safety, and welfare of its residents, businesses, and visitors; and
15. Regulation of sidewalk vending benefits Ventura County as a whole by promoting more equitable commerce.

(b) The Code Compliance Division is responsible for the enforcement of this Chapter. Any other County department enforcing the Ventura County Ordinance Code, and state or federal laws, may assist the Code Compliance Division in enforcement of this Chapter.

(c) The Code Compliance Division may promulgate administrative guidelines and regulations to implement and enforce the provisions of this Chapter.

(d) A sidewalk vendor who is notified by a County official that the vendor is in violation of this Chapter must immediately cease and abate the violation if directed to do so by the County official and shall be subject to the penalties set forth in Section 2810, subsections (e) and (f) below.

(e) Any violation of this Chapter by sidewalk vendor holding a valid vending permit shall be punishable as follows:

(1) a written administrative warning for a first violation;

(2) an administrative fine of \$200 for a second violation within one year of the first violation.

(h) If a sidewalk vendor who receives a notice of violation provides the County with proof that the vendor possessed a valid vending permit that was in effect on the date of a

violation, the administrative fines set forth in Section 2810(f) shall be reduced to the corresponding fines set forth in Section 2810(e).

(i) When assessing fines pursuant to this Section, the County will consider the person's ability to pay and will provide the person with notice of their right to request an ability-to-pay determination. If the person requests such a determination, and they meet the criteria set forth in California Government Code section 68632(a) or (b), or any successor statute, the County will accept, in full satisfaction, 20 percent of the administrative fine imposed pursuant to this Chapter. ### **Section 2811 – Impounding of Vending Equipment**

(a) In addition to assessing administrative warnings and fines for violations pursuant to Section 2810, the County may impound a sidewalk vendor's vending equipment and/or goods under the following circumstances:

(2) if a sidewalk vendor leaves their vending equipment or goods unattended for one hour or more.

(b) Upon impoundment, the County may immediately dispose of impounded goods that cannot be safely stored or that are perishable.

(c) Impounded vending equipment and goods shall be stored at a location designated by the County and may be retrieved by the sidewalk vendor during normal business hours beginning the next business day following impoundment. The County shall provide reasonable notice to sidewalk vendors of the impoundment and property reclamation process, including their right to appeal the impoundment decision pursuant to Section 2811(e) below, which notice may be provided in-person upon impoundment, by posting in a prominent location on the County's website, or by written notice distributed to sidewalk vendors in connection with the issuance or renewal of a vending permit.

(d) Vending equipment and goods shall be released to a sidewalk vendor upon proper identification of the property and execution by the vendor of a statement under

penalty of perjury declaring ownership of the property, and payment for the County's reasonable impoundment and storage costs incurred.

(e) If the sidewalk vendor from whom vending equipment is impounded disputes the basis for impoundment, the person may file a written notice of appeal on the form provided with the Code Compliance Director or designee within 15 calendar days after the date of impoundment. Failure to file a timely appeal shall result in the County's impoundment decision becoming final. The County Executive Officer or designee shall appoint a disinterested hearing officer to hold a fair and impartial appeal hearing and shall issue a written determination after the close of the hearing. County appeal decisions are final and non-appealable. If the vendor prevails in the appeal, they shall not be required to pay for the County's reasonable impoundment and storage costs and shall be refunded any such costs already paid.
