Hello,

I am Doug Baker and I am writing in support of passing Item 46, the Ventura County Active Transportation Plan. Improving our infrastructure to support alternatives to automobile travel is a key step towards reducing county greenhouse gas emissions, preventing road fatalities, and creating a more livable Ventura County. Please approve the Active Transportation Plan and find that such approval is statutorily exempt from CEQA, to allow this needed infrastructure to proceed without costly delays.

Thanks,  
Doug
