

Revised statement for item 49 budget hearing

Dear Board of Supervisors:

As a resident of Nyeland Acres, our community is interested in a vibrant community center so our residents can utilize the community center for lots of activities and events.

The current leaseholder of the community center located at Nyeland Acres does not provide enough access for our entire community to utilize this facility many times during the week.

Contrary to the accomplishments listed in budget documents, the dual lease agreement has not been completed as of this agenda. Since this is the only park in Nyeland Acres, we ask that you promptly resolve a lease arrangement so ALL residents can utilize this critical resource that the taxpayers of Nyeland Acres pay. for through a special tax.

Sincerely,

Mary Anne Rooney
