To the Board of Supervisors,

I support access to the ballot and oppose barriers restricting access to the ballot. I believe that the California Voter's Choice Act has made voting safer and more accessible.

By permitting voters to cast their vote at any vote center this has given voters flexibility in when to cast their ballot.

The secure ballot drop off locations are convenient and give confidence in getting ones ballot turned on time to be counted.

I appreciate the Election Education Series and Registrar of Voter's transparency efforts. I have confidence in the process, security and results of the Ventura County elections.
