

Subject Line: Agenda Item No. 61

Honorable Chair LaVere and Members of the Board of Supervisors:

I am writing in strong support of funding for the New West Symphony under agenda item No. 61.

We are lucky to have this one of a kind symphony in Ventura County. The programs have been very unique and fresh. I love New West Symphony. But also I know New West Symphony can use more fund for, as an example, The Harmony Project which supports music education for children.

You are to be commended for sowing a seed for arts and culture in Ventura County in this first crucial step. Please consider supporting the New West Symphony directly today.

Sincerely,
