Protecting the Environment is a No-Brainer.

John McCain and Liz Cheney made decisions based on intellect and not politics. This reflected the true character of both of these individuals.

When your intellect tells you that voting against environmental policies is bad and you still vote against these policies it says a lot about your character.

The Ventura County 2040 General Plan represents our shared vision for a safe future. Please do not compromise it for the sake of Big Oil and big donors - Please vote no.
