I cannot attend the meeting since I am out of town, but I am very strongly believe and have high confidence in the California voters choice act. The more choices and flexibility that we offer to people, the greater chance we will get more people out to vote which is important, no matter what side you're on. Makes us a democracy. I highly recommend keeping that act.

The concerns are baseless in regard to claims that there is election fraud. We have to be careful not to suppress voters so again, I request that we keep the California voters choice act as it is.

Thank you,
