Truth Act Forum

item 81 Board of Supervisors

It is wrong for our county to volunteer to work with ICE.

First there is the constitution that was not written for only citizens... The only citizens were the indignation people who live here! The Constitution was written for EVERYONE I.

It appears that this board does not care about the human cost working with ICE inflicts on children, families and all living in Ventura County. I'm hoping the BOF and the Sheriff will think about the **money cost**, volunteering working with ice cost.

Working with ICE does COST US MONEY and could cost us a lot more

There is proof that counties that DO NOT work with ICE are safer/less crime. This information has been presented at the past Truth Act Forum. If a person is afraid to report gang crimes and other violent crimes because they are afraid of the police and sheriff, that crime goes unreported and will become harder to stop.

That will cost our county more money to get that crime and gangs under control.

Deporting the breadwinner cost us money. Not only are we hurting children by tearing apart families. Now those children, who are often American Citizens, must go into some government support. We pay for that extra need

ICE is sued all the time... google it... If the local entity helped ICE... they will be sued to.

Lawsuit against us and ICE will cost us money... using other counties as an example, it will cost LOTS of money.

This Truth Act Forum cost us money. If our sheriff did NOT work with ICE this forum would NOT be necessary.

The BOS say they have no choice, they say it is totally up to the Sheriff, but the BOF can make a ruling that will stop this volunteer cooperation with ICE.
