I am in support of the Karl's Renovation at Fisherman's Wharf. The Wharf use to be a nice family destination with shops and restaurants, it has become such an eyesore. I wasn't always on board with this renovation, however I believe if they have the desire to come in and make it a beautiful place that people want to visit we should give them the chance. Oxnard will only benefit from this, they will create jobs and revenue. I can hardly wait to see the transformation!
