**Strategic Plan Priority:**

The item presented in this Board letter supports the Healthy, Safe, and Resilient Communities strategic priority of the County Strategic Plan as it is designed to meet the goal of providing access to quality healthcare required for our community to thrive.

**Discussion:**

Dual-Eligible Special Needs Plans (“D-SNPs”) are Medicare Advantage plans that provide care for beneficiaries who are eligible for benefits under both the Medi-Cal and Medicare programs, also known as “dual eligible” beneficiaries. Under the California Advancing

and Innovating Medi-Cal (“CalAIM”) initiative, Gold Coast and other Medi-Cal managed care plans must offer D-SNP plans to their dual eligible members by January 1, 2026.

In order to obtain a license to operate as a D-SNP, Gold Coast must demonstrate, by November 1, 2024, that it has an adequate provider network for its dual eligible members. The proposed amendments would add D-SNP services and rates to the Hospital Services, Provider Services-PCP, and Specialist agreements effective January 1, 2026.
