I am writing to express my support for the Karl's development at Fisherman's Wharf. As a local resident to the proposed project I cannot tell you how enthused I am by both the Karl's project and the development and management of the harbor. Michale Tripp is just wonderful. He has done an excellent job of explaining the new potential developments, has put considerable time answering questions and has revitalized the Channel Islands Harbor. Karl's will be a tourist and local draw and seems to complement the existing area.
