Nothing contained in this Plan shall be deemed to constitute an employment agreement or contract between any Participant and the County nor be deemed to give any Participant any right to be retained in the employ of or under contract to the County.

Nothing herein shall be construed to modify the terms of any employment agreement or contract between any Participant and the County as this Plan is intended to be a supplement thereto. County Executive Officer

Director of Human Resources

Auditor-Controller

County Counsel

Treasurer-Tax Collector

The County Executive Officer or their designee will serve as Chair. The Treasurer-Tax Collector or their designee will serve as Vice-Chair. No member of the Committee will receive additional compensation for services to the Committee.

2.02 Operation of the Committee: A majority of the Committee members constitutes a quorum for the transaction of business. All resolutions or other action taken by the Committee will be by majority vote of its members present at any meeting or, without a meeting, by an instrument in writing signed by all its members. The Chair of the Committee will appoint a Secretary who may, but need not, be a member of the Committee. The Committee may delegate any of its powers or duties among its members or to others as it determines. It may authorize one or

more of its members to execute or deliver any instrument or to make any payment on its behalf. It may employ such counsel, agents, and clerical, accounting, and actuarial services as it may require in carrying out Plan provisions. To the extent permitted by law, it is entitled to rely on all tables, valuations, certificates, opinions, or other reports furnished by such persons.

- 2.03 Powers and Duties of the Committee: The Committee has all powers necessary to administer the Plan except to the extent any such powers are vested in any other fiduciary by the Plan or by the Committee. The Committee may, from time to time, establish rules for Plan administration, and it has the exclusive right to interpret the Plan and to decide any matters arising in connection with Plan administration and operation. All its rules, interpretations, and decisions will be applied uniformly to all persons similarly situated and will be conclusive and binding on the County and on Participants and Beneficiaries to the extent permitted by law.

The Committee will complete and certify to the Trustee the amount of retirement, death, or termination benefits payable under the Plan's provisions to any Participant or Beneficiary.

- 2.04 Indemnification of the Committee: To the extent permitted by applicable state law, the County shall indemnify and save harmless the Committee, each member thereof, and any delegate of the Committee who is an employee of the County against any and all expenses, liabilities and claims, including legal fees to defend against such liabilities and claims, arising out of their discharge in good faith of

responsibilities under or incident to the Plan, other than expenses and liabilities arising out of willful misconduct. This indemnity shall not preclude such further indemnities as may be available under insurance purchased by the County or provided by the County under any agreement or otherwise, as such indemnities are permitted under state law. Payments with respect to any indemnity of and payment of any expenses and fees under this Article shall be made only from assets of the County and shall not be made directly or indirectly from the Trust Fund.

2.05 Eligibility of Committee Members to Participate in Plan: Committee members and persons to whom the Committee has delegated any of its powers are eligible to participate in the Plan if they meet the eligibility requirements of Section 3.01; provided, however, that no member of the Committee and no person to whom any of its powers has been delegated may act on, or participate in, any decision affecting any matter in which they have a financial interest upon which it is reasonably foreseeable that the decision will have a material effect distinguishable from the effect upon the financial interests of Participants generally.

2.06 Establishment of Trust Fund: Each Participant's account shall be 100% vested for such Participant at all times. For those funds not invested in an insurance and annuity company product, the County will appoint a Trustee to establish a Trust Fund to which all Plan Contributions will be made. The Trust Fund will be held, invested, reinvested, used, and disbursed by the Trustee in accordance with the Plan's provisions and a Trust Agreement to be entered into between the

County and the Trustee.

The County may remove the Trustee at any time upon the notice required by the Trust Agreement. The County will then designate a successor Trustee.

No person will have any interest in, or right to, the entire or partial Trust Fund, except as expressly provided in the Plan or the Trust Agreement. Despite any Plan provisions to the contrary, no part of the Trust Fund assets will, by reason of any modification, amendment, termination, or otherwise be used for or diverted to purposes other than for the exclusive benefit of Participants and Beneficiaries.

2.07 Delegation of Responsibility: The Committee shall have the power to direct the Trustee in writing with respect to the investment of the Trust Fund or any part thereof. Where investment authority, management, and control of the Trust Fund has been delegated to the Trustee by the Committee, the Trustee shall be that fiduciary with respect to the investment, management and control of the Trust Fund with full discretion in the exercise of such investment, management, and control. Except as otherwise provided by law, the Committee may appoint an Investment Manager to invest the Trust Fund or any part thereof. Where investment authority, management, and control of the Trust Fund is not specifically delegated to the Trustee, the Trustee shall not be a fiduciary with respect to the investment, management, and control of the Trust Fund and shall be subject to the direction of the Committee or the Investment Manager appointed by the Committee, if any, regarding the investment, management, and control of such fund, and in such case the Committee or the Investment Manager, as the case may be, shall be the fiduciary with respect to the

investment, management, and control of such assets.

It is the intent of all fiduciaries under the Plan and Trust Agreement that each fiduciary shall be solely responsible for its own acts or omissions. Except to the extent required by applicable state or federal law, no fiduciary shall have the duty to question whether any other fiduciary is fulfilling any or all of the responsibilities imposed upon such other fiduciary by applicable law. No fiduciary shall have any liability for a breach of fiduciary responsibility of another fiduciary with respect to the Plan or Trust Fund unless they knowingly participates in such breach, knowingly undertakes to conceal such breach, has actual knowledge of such breach and fails to take reasonable remedial action to remedy such breach or, through their negligence in performing their own specific fiduciary responsibilities, has enabled such other fiduciary to submit a breach of the latter's fiduciary responsibilities.

- 2.08 Fiduciary Responsibility: Each fiduciary will discharge their duties with respect to the Plan solely in the interest of Participants and Beneficiaries, for the exclusive purpose of providing benefits to these persons and defraying reasonable expenses of administering the Plan, and with the care, skill, prudence, and diligence under the circumstances then prevailing, that a prudent person acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of like character and with like aims. While the Committee will endeavor to use reasonable care in the selection of investments and assets under this Plan, neither the County nor its employees or agents shall be liable to any Participant or to any of their Beneficiaries for disappointing results or for any

loss in connection with such selections.

- 2.09 Deferred Compensation for Exclusive Benefit: The County will purchase an Investment Product and invest amounts of Deferred Compensation therein in order to provide a fund from which it can satisfy its obligation to make benefit payments pursuant to the Plan. Such Investment Product, and all amounts of Compensation deferred under this Plan, all property and rights that may be purchased by the County with such amounts and all income attributable to such amounts, property, or rights to property shall be held in trust (or a custodial account or annuity contract described in Code Section 401(f)) for the exclusive benefit of Participants and their Beneficiaries. All such amounts shall not be subject to the claims of the County's general creditors.
- 2.10 Maintenance of Records: The Plan Administrator or its delegate will establish and maintain records of each Participant's Compensation Reduction Contributions Account.
- 2.11 Allocation of Trust Fund Earnings: As of each Valuation Date, the assets of the Trust Fund shall be valued at fair market value and any gains, losses, contributions, or withdrawals shall be allocated to the same Participant Accounts and funds in which they arose.
- 2.12 Determinations and Adjustments Binding on Participants: The Trustee's determination of the value of the Trust Fund and adjustments made or caused to have been made by the Plan Administrator to all Accounts will be conclusive and binding on all Participants.

- 2.13 Treatment of Forfeitures: Forfeitures will be used to offset Plan expenses paid by the County, pursuant to Section 3.06.
- 2.14 Revenue Credit Account Allocations: Amounts remaining in the Revenue Credit Account after payment of Plan expenses in accordance with Section 3.06 may be allocated to Plan Participants on a pro-rata basis based on the Participant's Account balance, or in such other manner as determined by the Plan Administrator in its sole discretion, subject to the limitations of the Trust Agreement.

Notwithstanding the above, Participants who had, prior to April 1, 1997, made a valid election to have all or a portion of their Plan benefits measured by investment options selected through ING may, as to the accumulated deferred compensation, and the attributed earnings thereon, which existed as of March 31, 1997, but not as to future deferrals unless made to the Universal Life Option, continue to have such investment option(s), or other options as adopted by the Plan Administrator from time to time, used to measure their Plan benefits. This provision is not intended to apply to any deferrals which were not, as of March 31, 1997, designated by the Participant to be tracked by investment options selected through ING. Further, this provision is not intended to obligate the Plan Administrator to continue to provide the same investment options through ING which existed on March 31, 1997.

4.02 Termination of Investment Option: In the event that an investment election measurement option hereunder is terminated as an option by the Investment

Manager or Plan Administrator and the Participant does not select another investment election measurement option, then the Participant will be deemed to have selected the Investment Product designated as the default fund by the Plan Administrator.

- 4.03 Modification of Investment Options: The selection of investment options to be used for the purpose of calculating benefits under Section 5.01 or Section 6.01 may be modified by the Participant by notification to the Investment Manager under such rules and conditions as the Investment Manager may prescribe and as approved by the Plan Administrator. In making such modifications, the Participant agrees that the appropriate written Participation Agreement indicating investment options to be used for the calculation of benefits shall be modified as though the same had been done in writing. In consideration for the right to make such modifications, upon making such modifications, the Participant agrees to indemnify and hold harmless the County from all damages resulting therefrom.

ARTICLE V

- 5.01 Payment of Benefits: Each Participant's Account shall be 100% vested for such Participant at all times. If the Participant continues in the service of the County until their Retirement, the Plan shall either: 1) pay to such Participant a payment from an Account established for their benefit in an amount equal to the Participant's Deferred Compensation that was invested pursuant to Section 4.01 or otherwise modified as set forth in Section 4.03 and systematically invested in such Account, and reduced by any withdrawals taken pursuant to Article VII, or 2) rollover, at the option of the Participant, the Participant's benefits to another eligible retirement plan as provided in Code Section 457(e)(16) and regulations thereunder. 5.04 Timing of Payments: Benefit payments to a Participant or Beneficiary shall commence at the time provided in the appropriate Participation Agreement, subject to the minimum distribution requirements of the Code.

5.05 Valuation of Benefit: The value of any benefit shall be determined by the actual value of the Participant's Account at the time of benefit payment, unaffected by any independent or arbitrary standard of calculation with respect to such Account. The value of the Account shall be subject to any fees charged by the Investment Manager or Plan Administrator.

5.06 Minimum Required Distributions: Notwithstanding any other provision of this Plan, all distributions hereunder shall be made in accordance with the minimum required distribution rules set forth in Code Sections 457(d) and 401(a)(9), or their successors, and any regulations thereunder. For Plan Years beginning on or after January 1, 2003, minimum required distributions will be determined pursuant to Treasury Regulations Sections 1.401(a)(9)-1 through 1.401(a)(9)-9.

The minimum required distribution rules provide that a Participant's entire interest in the Plan must be either (1) distributed to the Participant not later than the Participant's "required beginning date" (generally April 1 of the year in which the Participant retires or reaches the Required Minimum Distribution Age (as

determined by the Code) or (2) distributed to the Participant over their lifetime, or the lifetime of a designated beneficiary, beginning not later than the required beginning date. Special rules are applicable when a Participant dies before their entire interest is distributed. Distributions required under the incidental death benefit requirements of Code Section 401(a) are treated as minimum required distributions.

ARTICLE VI

In the event of a Participant's Termination of Services, the Plan shall either: 1) pay to such Participant a payment from an Account established for their benefit in an amount equal to the Participant's Deferred Compensation that was invested pursuant to Section 4.01 or otherwise modified as set forth in Section 4.03 and systematically invested in such Account, and reduced by any withdrawals taken pursuant to Article VII, or 2) rollover, at the option of the Participant, the Participant's benefits to another eligible retirement plan as provided in Code Section 457(e)(16) and regulations thereunder. Payment shall be based upon the election in the appropriate Participation Agreement or by other means as approved by the Plan Administrator in its sole discretion, and as otherwise provided under this Article VI.

- If no Beneficiary is designated as provided in Article I, or if the designated

Beneficiary does not survive the Participant, then the executors or administrators of the Participant's estate shall receive the benefit in a lump sum; provided, however, that in such case the Committee may, at its option, pay such amount according to the laws of intestate succession.

- 6.04 Timing of Payments: Benefit payments to a Participant or Beneficiary shall commence at the time provided in the appropriate Participation Agreement, subject to the minimum distribution requirements of the Code.
- 6.05 Valuation of Benefit: The value of any benefit shall be determined by the actual value of the Account at the time of benefit payment, unaffected by any independent or arbitrary standard of calculation with respect to such Account. The value of the Account shall be subject to any fees charged by the Investment Manager or Plan Administrator.
- 6.06 Minimum Required Distributions: Notwithstanding any other provision of this Plan, all distributions hereunder shall be made in accordance with the minimum required distribution rules set forth in Code Sections 457(d) and 401(a)(9), or their successors, and any regulations thereunder. For Plan Years beginning on or after January 1, 2003, minimum required distributions will be determined pursuant to Treasury Regulations Sections 1.401(a)(9)-1 through 1.401(a)(9)-9.

The minimum required distribution rules provide that a Participant's entire interest in the Plan must be either (1) distributed to the Participant not later than the Participant's "required beginning date" (generally April 1 of the year in which the Participant retires or reaches the Required Minimum Distribution Age (as

determined by the Code)) or (2) distributed to the Participant over their lifetime, or the lifetime of a designated beneficiary, beginning not later than the required beginning date. Special rules are applicable when a Participant dies before their entire interest is distributed. Distributions required under the incidental death benefit requirements of Code Section 401(a) are treated as minimum required distributions.

ARTICLE VII

WITHDRAWALS, ROLLOVERS, AND TRANSFERS

7.01 Unforeseeable Emergency Withdrawal:

- (a) A Participant may be permitted to withdraw amounts deferred under the Plan if they are faced with an unforeseeable emergency. Whether an unforeseeable emergency exists in any given case shall be determined in the following manner:
 - (i) As prescribed by regulations, if any, promulgated by the Federal Secretary of the Treasury; and
 - (ii) As prescribed in subparagraphs (c), (d), and (e) below to the extent such provisions do not conflict with federal regulations; provided however that if the federal regulations permit a less restrictive policy respecting withdrawal, then such less restrictive policy shall apply.
- (b) In the case of an unforeseeable emergency, a Participant may apply to the Committee for such a withdrawal at any time before Retirement or Termination of Services. If such application for withdrawal is approved by the Committee, the withdrawal will be effective on the date specified in the Participant's application or on the date of approval by the Committee, whichever is later, and will be payable as soon as administratively possible after such effective date in the form of a lump sum. Within each Account, withdrawals will be taken from Investment Products in which the Participant is invested pursuant to procedures adopted by the Trustee and approved by

the Plan Administrator.

- (c) The term "unforeseeable emergency" shall, for the purposes of the Plan, be defined as a severe financial hardship of the Participant resulting from an illness or accident of the Participant, the Participant's spouse, or the Participant's dependent (as defined in Code Section 152(a)); loss of the Participant's property due to casualty; or other similar extraordinary and unforeseeable circumstances arising as a result of events beyond the control of the Participant.

Except as otherwise specifically provided in Treasury Regulation Section 1.457-6(c)(2)(i), the purchase of a home and the payment of college tuition are not unforeseeable emergencies. Subject to the foregoing definition, the Committee shall be the sole arbiter of whether an unforeseeable emergency exists in any given case. Unexpected and unreimbursed expenses, which cause great hardship to one Participant, may not cause such hardship to another Participant. Means available to one Participant for meeting an unforeseeable emergency may not be available to another Participant.

- (d) For purposes of this section, the Participant's resources shall be deemed to include those assets of their spouse and minor children that are reasonably available to the Participant. However, property held for the Participant's child under an irrevocable trust or under the Uniform Gifts to Minors Act will not be treated as a resource of the Participant.

- (e) In the event of an unforeseeable emergency, the amount of withdrawal shall

be limited to an amount reasonably needed only to meet that emergency, and shall in no event exceed a lump sum amount equal to the current value of the benefits which, in cases where the withdrawal is prior to retirement or Termination of Services, would have been payable if the Participant had severed their contract of employment with the County at the time of withdrawal.

Distributions hereunder may be "grossed up" to include federal and state income taxes and penalties, as applicable.

- (f) Notwithstanding any other provision of the Plan, if a Participant makes a withdrawal hereunder, the amount of the remainder, if any, of their benefits under the Plan shall be appropriately reduced to reflect such withdrawal and all such remaining benefits shall be payable according to otherwise applicable provisions of the Plan. Following withdrawal, no part of the Participant's Compensation shall be deferred under the Plan unless and until such time as the Participant reenrolls in the Plan provided, however, that they may not reenroll until at least 6 months after such withdrawal.

7.02 Voluntary In-Service Distribution: A Participant shall receive a distribution of all or a portion of the total amount payable to the Participant under the Plan if the following requirements are met:

- a) the total amount payable to the Participant under the Plan (without regard to amounts attributable to rollover contributions) does not exceed \$5,000 (or the dollar limit under Section 411(a)(11) of the Code, if greater),

- b) the Participant has not previously received an in-service distribution of the total amount payable to the Participant under the Plan,
- c) no amount has been deferred under the Plan with respect to the Participant during the two-year period ending on the date of the in-service distribution; and
- d) the Participant elects to receive the distribution.

7.03 Rollovers into the Plan: A Participant may direct the Plan to accept a direct rollover resulting from an eligible rollover distribution (as defined in Code Section 402(c)(4)) from another eligible retirement plan, except that the Plan will not accept rollover contributions from an Individual Retirement Account funded in whole or in part with after-tax dollars. The Plan will separately account for and track rollover contributions. Notwithstanding any other language to the contrary in this Plan or any Participation Agreement thereunder, a Participant electing to rollover benefits from another eligible retirement plan shall not be entitled to said rolled over proceeds or earnings thereon until said proceeds have actually been received by County and deposited in accordance with the terms of the Participation Agreement and the Plan Administrator.

The Plan will accept a rollover contribution to a Roth Account only if it is a direct rollover from another Roth elective deferral account under an applicable retirement plan described in Section 402A (e)(1) of the Code, and only to the extent the rollover is permitted under the rules of Section 402(c) of the Code and Section 1.402A-2 of the Treasury Regulations. The plan administrator of such

applicable retirement plan, or other responsible party, must provide the Plan with a statement indicating the first taxable year in which the Participant made a designated Roth Contribution to the previously established Roth elective deferral account and the amount of the distribution attributable to investment in the contract for purposes of Code Section 72.

7.04 In-Plan Roth Rollover: A Participant, the surviving spouse of a Participant, or a Participant's former spouse who is an Alternate Payee under a Qualified Domestic Relations Order may elect, at the time and in the manner prescribed by the Plan Administrator, to have any portion of an eligible rollover distribution paid to the Plan as an In-Plan Roth Rollover to the distributee's Roth Account. The Plan shall establish and maintain a separate Roth Account balance for any In-Plan Roth Rollover.

7.05 Rollovers out of the Plan: A Participant who has separated from employment with the Employer may request a distribution or withdrawal from the Plan that is an eligible rollover distribution and shall have the option of having all or part of the eligible rollover distribution paid directly to an eligible retirement plan (as defined in Code Section 402(c)(8)). Such Participant requesting a distribution or withdrawal from the Plan for purposes of making a qualified rollover contribution (as defined in Section 408A(e) of the Code) to a Roth IRA shall have the option of having all or part of the distribution paid directly to a Roth IRA. The foregoing notwithstanding, a direct rollover of a distribution from a Roth Account under the Plan will only be made to another Roth elective deferral account under an applicable retirement plan described in section 402A(e)(1) of the Code or to a

Roth IRA described in section 408A of the Code, and only to the extent the rollover is permitted under the rules of Section 402(c) of the Code and Section 1.402A-2 of the Treasury Regulations.

This section is limited to Participants who have separated employment with Employer.

- 7.06 Transfer to Qualified Defined Benefit Retirement Plans: Participants may elect to transfer all or a portion of their Accounts to the Ventura County Employees' Retirement Association or other defined benefit governmental plan (as defined in Code Section 457(e)(17)). Such transfers shall be made for the sole purpose of purchasing prior service credit in accordance with the County Employees' Retirement Law of 1937 or the applicable rules and regulations of the defined benefit governmental plan to which such a transfer is made. The amount so transferred shall not exceed the amount to be used for such purpose. The foregoing notwithstanding, amounts in a Participant's Roth Account shall not be used for the purchase of prior service credit.

A transfer election must be made by executing and filing the appropriate Participation Agreement with the Human Resources Division of the County Executive Office, or by other means as approved by the Plan Administrator in its sole discretion. The transfer will be made as soon as administratively feasible following approval of the transfer. The Plan Administrator may establish additional rules for the administration of this Section 7.06. Within each Account, withdrawals will be taken from Investment Products in which the Participant is invested pursuant to procedures adopted by the Trustee and approved by the

Plan Administrator.

- 7.07 Roth In-Plan Conversions: A Participant who has established a Roth Account may transfer eligible assets from their Account, which include the Participant's contributions, the Employer's contributions, or assets rolled in from a former employer, to their Roth Account.

Any requests for such a transfer must be made in accordance with procedures approved by the Plan Administrator in its sole discretion. The transfer will be made as soon as administratively feasible following approval of the transfer.

- 7.08 Distributions for Domestic Abuse Victims: A Participant who self-certifies that they experienced domestic abuse, which is defined as physical, psychological, sexual, emotional, or economic abuse, including efforts to control, isolate, humiliate, or intimidate the victim, or to undermine the victim's ability to reason independently, including by means of abuse of the victim's child or another family member living in the house, may request a distribution for up to the lesser of \$10,000, indexed for inflation following calendar year 2024 pursuant to Code Section 72(t)(2)(K), or 50% of the Participant's vested Account balance.

A request for such a withdrawal must be made on the appropriate form filed with the Plan Administrator, or by other means as approved by the Plan Administrator in its sole discretion. Payment of such withdrawals will be made as soon as administratively feasible following approval of the withdrawal by the Plan Administrator. Withdrawals made under this Section 7.08 will reduce the Participant's Account as of the date of withdrawal.

Withdrawals made under this Section 7.06 may be repaid within three years.

- 7.09 Distributions for Qualified Federally Declared Disasters: The Plan may distribute up to \$22,000 to a qualified Participant whose principal place of residence at any time during the incident period (as specified by the Federal Emergency Management Agency) of any Qualified Disaster, was in the disaster area with respect to that Qualified Disaster and who has sustained an economic loss by reason of that Qualified Disaster. Examples of economic loss include, but are not limited to, loss, damage to, or destruction of real or personal property from fire, flooding, looting, vandalism, theft, wind, or other cause, loss related to displacement from the individual's home, or loss of livelihood due to temporary or permanent layoffs. Such distribution must be made on or before a date that is 180 days after the Qualified Disaster, as set forth in Section 72(t)(11)(A)(i) and 72(t)(11)(F)(iii).

A request for such a distribution must be made on the appropriate form filed with the Plan Administrator, or by other means as approved by the Plan Administrator in its sole discretion. Such distributions will be made as soon as administratively feasible following approval of the distribution by the Plan Administrator. Distributions made under this Section 7.09 will reduce the Participant's Account as of the date of withdrawal.

Distributions made under this Section 7.09 may be repaid within three years. In addition, distributions taken to purchase or construct a principal residence that was located in the disaster area may be recontributed if the funds were not ultimately used to acquire a residence.

7.10 Distributions for Qualified Birth or Adoption: The Plan may distribute up to \$5,000 per child to an eligible Participant any time during the one-year period beginning on the date on which the child of the Participant is born or the legal adoption by the Participant of an eligible adoptee. An eligible adoptee is any individual who has not attained age 18 or is physically or mentally incapable of self-support, as defined in Code Section 72(m)(7), but does not include an individual who is the child of the Participant's spouse.

A request for such a distribution must be made on the appropriate form filed with the Plan Administrator, or by other means as approved by the Plan Administrator in its sole discretion. Such distributions will be made as soon as administratively feasible following approval of the distribution by the Plan Administrator. Distributions made under this Section 7.10 will reduce the Participant's Account as of the date of the distribution.

Distributions made under this Section 7.08 may be repaid within three years.

ARTICLE VIII

LEAVE OF ABSENCE AND MILITARY SERVICE

- 8.01 If a Participant is on an approved leave of absence from the County, their participation in the Plan will continue.
- 8.02 This Plan will be administered in accordance with Code Section 414(u) for Participants who return to work after absences from employment due to qualified military service.
- 8.03 Effective January 1, 2007, to the extent provided under Code Section 401(a)(37), in the case of an Employee whose employment is interrupted by qualified military service and who dies while performing qualified military service, the survivor of such Employee shall be entitled to any additional benefits (other than benefit accruals) provided under the Plan as if the Employee timely resumed employment in accordance with USERRA and then, on the next day, terminated employment on account of death.
- 8.04 Beginning January 1, 2009, to the extent required by Section 414(u)(12) of the Code, an individual receiving differential wage payments (as defined under Section 3401(h)(2)) of the Code from an employer shall be treated as employed by that employer, and the differential wage payment shall be treated as compensation for purposes of applying the limits on annual additions under Section 415(c) of the Code. This provision shall be applied to all similarly situated individuals in a reasonably equivalent manner.

ARTICLE IX
AMENDMENT OR TERMINATION OF PLANS

9.01 The County may at any time terminate the Plan. Upon such termination, the Participant's full Compensation on a nondeferred basis shall be thereupon restored and the Committee shall, for the purposes of the Plan, treat such Participant as if there had been a Termination of Services on the date of termination and pay the benefit or benefits payable under the Plan as provided in Section 6.01.

9.02 The County may also amend the provisions of the Plan, retroactively or otherwise, at any time. No such amendment may have the effect of vesting any part of the Trust Fund or other Participant Accounts, for the benefit of the County or the claims of its creditors, or of diverting any part of the Trust Fund for purposes other than for the exclusive benefit of Participants and Beneficiaries. No amendment will deprive any Participant or Beneficiary of any previously vested benefit.

ARTICLE X
LOSS OF ELIGIBILITY

10.01 If a Participant should cease to be eligible to participate in the Plan by reason of some change in their contract or employment status other than Retirement or Termination of Services (e.g., transfer to a position not included in the designation of eligible positions), or by reason of some change by the Board of Supervisor's designation of persons eligible to participate, the Participant's full Compensation on a nondeferred basis shall be thereupon restored and they shall, for the purposes of the Plan, in all other respects be treated as if they were on an approved leave of absence from the County. If they should thereafter again become eligible to participate, they may reenroll in the Plan pursuant to Section 3.02 and they shall, for the purposes of the Plan, be treated as if they had returned from an approved leave of absence.

ARTICLE XI
CONFLICTS WITH APPLICABLE LAW

11.01 Notwithstanding any provision of the Plan or any Participation Agreement to the contrary, in the event that any provision of the Plan or any Participation Agreement conflicts with applicable laws or regulations, or as they may be amended from time to time, the Plan or Participation Agreement shall be deemed to have been amended to be in conformity with said laws or regulations.

ARTICLE XII
NONASSIGNABLE CLAUSE

- 12.01 (a) Neither the Participant nor their Beneficiary nor any other designee shall have any right to commute, sell, assign, transfer, or otherwise convey the right to receive any payments hereunder, which payments and right thereto are expressly declared to be nonassignable and nontransferable. Any attempted assignment or transfer shall be null and void. No unpaid benefits shall be subject to attachment, garnishment, or execution, or be transferable by operation of law in event of bankruptcy or insolvency, except to the extent otherwise required by law.
- (b) Notwithstanding the foregoing, as permitted under Code Section 414(p)(11), the Plan shall recognize and give effect to Qualified Domestic Relations Orders that have been approved by the Plan Administrator in accordance with procedures established by the Plan Administrator. The Plan Administrator may suspend a Participant's account upon notice from a court or an Alternate Payee that a QDRO pertaining to the Account is pending. Subject to applicable law, amounts segregated for the accounts of Alternate Payees pursuant to an approved Qualified Domestic Relations Order shall be available for immediate distribution to the Alternate Payee.
- The Plan will charge an administrative fee in an amount determined by the Plan Administrator to establish a separate account for an Alternate Payee. This fee will be allocated between the Participant and the Alternate Payee accounts after they have been segregated per court order.
