- a. Pursuant to its authority under Harbors and Navigation Code (HNC) section 525(1)(a), the Division of Boating and Waterways (DBW) wishes to contract with Grantee for the removal and disposal of:

- (1) Abandoned property as described in HNC 522 (below) within Grantee's jurisdiction as listed in Exhibit A.

HNC Section 522: "Any hulk, derelict, wreck, or parts of any ship, vessel, or other watercraft sunk, beached, or allowed to remain in an unseaworthy or dilapidated condition upon publicly owned submerged lands, salt marsh, or tidelands within the corporate limits of any municipal corporation or other public corporation or entity having jurisdiction or control over those lands, without its consent expressed by resolution of its legislative body, for a period longer than 30 days without a watchman or other person being maintained upon or near and in charge of the property, is abandoned property."

- (2) Surrendered vessels as defined in HNC 526.1

- (a) The public agency has determined, in its sole discretion, that the vessel is in danger of being abandoned, and therefore has a likelihood of causing environmental degradation or becoming a hazard to navigation.
- (b) The decision to accept a vessel is based solely on the potential of the vessel to likely be abandoned and cause environmental degradation or become a hazard to navigation."

- (3) Wrecked or dismantled vessels, or parts thereof, or any other partially submerged object that pose a substantial hazard to navigation, from navigable waterways or adjacent public property, or private property with the landowner's consent.

Commercial vessels include those vessels for which the most recent registration or documentation was commercial, even though that registration or documentation may have lapsed.
- c. If Grantee is reimbursed for the costs related to the surrender, abatement, removal, storage, and/or disposal of an eligible water hazard by the registered or legal owner or other person or entity known to have an interest in the water hazard, then the water hazard shall no longer be eligible for funding under this Agreement. Grantee shall notify DBW in writing of such reimbursement and shall return all funds disbursed by DBW to Grantee with respect to such water hazard immediately.
- d. Vessels listed in Exhibit F Application/Scope of Work are considered solely a demonstration of the agency's need for funding, not an approval that the individual

employees.

Under this Agreement, Grantee shall

protect, hold harmless, indemnify and defend DPR, its agents, officers, and/or employees against any and all actions, claims, and damages to persons or property, penalties, obligations and liabilities that may be asserted or claimed by any person, firm, association, entity, corporation, political subdivision, or other organization or person arising out of or in connection with Grantee or Grantee's contractor's or subcontractor's activities hereunder, whether or not there is concurrent passive negligence on the part of DPR, its agents, officers, and/or employees.

29. FUNDS ASSIST

The Funds Assist process has been developed by DBW as a method for grantees with excessive, unused funds to assist other participating SAVE agencies in need. Funds Assist is a voluntary action (by both agencies) until within six (6) months of the expiration date of the grant at which time it will become a required action of those agencies with remaining grant balances, at DBW's discretion.

The Funds Assist process works as follows:

- a. DBW will contact Grantees six (6) months prior to the conclusion of the grant term to request a status of grant funds being fully spent. Upon receipt of this request, the Grantee shall respond and confirm one of the following: (a) all funds will be fully utilized, (b) all funds will not be fully utilized, or (c) all funds have been fully utilized and additional funding could be used. If applicable, the Grantee's response must include an estimate of funding that will be unspent at the end of the grant term or the additional amount of funding that could be spent if available. Based on Grantee responses, DBW will prepare the necessary grant amendments and reallocate funds as appropriate. The Grantee shall execute any such amendments within the timeframe specified by DBW.
- b. If grant amendments are not possible, DBW may require collaboration and reimbursement between agencies. Specifics for this process will be discussed with participating agencies when needed.

30. 90-DAY RETURN OF GRANT DOCUMENTS TO DBW

Grant agreements issued to the awarded agency must be completed and returned within 90 days of the date of issuance according to the instructions issued by DBW with the grant agreement. If extenuating circumstances prevent the ability of the agency to meet this deadline, approval from DBW must be obtained in writing. DBW retains the right to determine approval or denial of extensions.

31. ANTI-CORRUPTION

SAVE grantees are required to report to DBW any written, suggested, or verbally implied cases whereby a contractor, subcontractor or other service provider increases their fee(s) due to the existence or balance of a SAVE grant in order to increase their fee(s). Such service providers may be investigated for price gouging. If investigated, a two-year history of charges applied to work of all known SAVE grant work by that contractor will be required by DBW for review.

2. LABOR CODE/WORKERS' COMPENSATION:

(Labor Code Section 3700)

3. AMERICANS WITH DISABILITIES ACT:

5. CORPORATE QUALIFICATIONS TO DO BUSINESS IN CALIFORNIA:

- a. When agreements are to be performed in the state by corporations, the contracting agencies will be verifying that the Grantee is currently qualified to do business in California in order to ensure that all obligations due to the state are fulfilled.
- b. "Doing business" is defined in R&TC Section 23101 as actively engaging in any transaction for the purpose of financial or pecuniary gain or profit. EXHIBIT E – DARFUR CONTRACTING ACT

If your agency hires a contractor to complete work under this grant, the contractor must fill out and sign the Darfur Contracting Act form prior to execution of the contract. A Sample of The Darfur Contracting Act form is provided on the next page; this form (DGS PD 1) can also be downloaded from the California Department of General Services website.

Effective January 1, 2009, all Invitations for Bids (IFB) or Requests for Proposals (RFP) for goods or services must address the requirements of the Darfur Contracting Act of 2008 (Act). (Public Contract Code sections 10475, et seq.; Stats. 2008, Ch. 272). The Act was passed by the California Legislature and signed into law by the Governor to preclude State agencies generally from contracting with “scrutinized” companies that do business in the African nation of Sudan (of which the Darfur region is a part), for the reasons described in Public Contract Code section 10475.

A scrutinized company is a company doing business in Sudan as defined in Public Contract Code section 10476. Scrutinized companies are ineligible to, and cannot, bid on or submit a proposal for a contract with a State agency for goods or services. (Public Contract Code section 10477(a)).

Therefore, Public Contract Code section 10478 (a) requires a company that currently has (or within the previous three years has had) business activities or other operations outside of the United States to certify that it is not a “scrutinized” company when it submits a bid or proposal to a State agency. (See # 1 on the sample Attachment).

The following sample Attachment may be included in an IFB or RFP to satisfy the Act’s certification requirements of bidders and proposers.

Objective 1: Prevention

5. Does your agency accept surrendered vessels? ☒ Yes ☐ No
6. How does your agency advertise this program component?

Publicity Efforts:

- ☐ Advertised on your website
- ☐ Agency newsletters
- ☒ PSAs, billboards
- ☒ Social media
- ☐ Distributing brochures
- ☐ Other

Number of brochures distributed per year at:

# of Brochures	List names of Events

7. Did your agency have a plan to increase the number of surrendered vessels accepted over the last calendar year? If so, what was the plan and what were the results? Additionally, what plans does your agency have to increase the number of surrendered vessels you accept this year?

The County of Ventura Harbor Department recently filled a second Harbor Patrol Sergeant Position and added an administrator to facilitate efficient identification and processing of surrendered vessel. This recently adjusted staffing assignment along with a SAVE grant will allow for a vessel turn in program to receive more direct attention.

8. How often does your agency coordinate with local boating groups or marinas to inform them of the surrendered vessel program? Describe activities and identify groups/marinas contacted in the last calendar year. (Answer only if you selected 'Yes' to Q 5.)

The Channel Islands Harbor Department attends quarterly meetings with the local dockmasters. Dockmasters from the following marinas participate; Pacific Corinthian Marina, Vintage Marina, Channel Islands Harbor Marina, Anacapa Isle Marina, Peninsula Yacht Marina, and Bahia Marina.

9. Does your agency accept surrendered vessels from boaters outside its jurisdiction? ☒ Yes ☐ No

If so, how many surrendered vessels have you received in the last calendar year?

If not, identify why?

There are enough boaters within the jurisdiction of the County of Ventura Harbor Department to use funds available for a SAVE program.

10. Describe how your agency monitors abandoned vessel activity in your jurisdiction. Select all that apply.

- ☒ Routine patrol of jurisdiction
- ☒ Visit marinas/dockwalks
- ☒ Direct contact with boat owners
- ☒ Check vessel registration
- ☒ Check seaworthiness (listing, occupancy, trash, bilge running, operable lights)

- ☐ Abandoned vessel mapping and tracking
- ☒ Multi-agency coordination
- ☐ Utilize NASA data

11. Describe additional methodologies, if any, (besides participation in SAVE) your agency uses **to prevent abandoned vessels within its jurisdiction?**

In a 24 hour period, the Harbor Patrol Officers are tasked with completing a minimum of 6 complete patrols. Each patrol lasts approximately 2.5-3.0 hours and consists of the Channel Islands Harbor and the outer harbor areas. These patrols are done by patrol boat, vehicle, and walking. Several missions of these patrols is to identify hazards to navigation, obstructions, and abandoned vessel.

The Harbor patrol Officers will identify and issue warnings to vessels that are left unattended at public and private facilities. These vessels will be impounded if not removed. The Harbor Patrol will also remove and impound any vessel that is a hazard to navigation within the Channel Islands Harbor. Each vessel's CF number is run through teletype for ownership and registration information. The Harbor Patrol attempts to locate and contact each vessel owner. Every effort to release the vessel to it's legal owner is made. If the owner cannot be located, then the lien process is initiated..

Objective 2: Control

12. Describe methodologies, if any, your agency has implemented to control and **prevent abandoned vessels from entering its jurisdiction from other areas.**

In a 24 hour period, the Harbor Patrol Officers are tasked with completing a minimum of 6 complete patrols. Each patrol lasts approximately 2.5-3.0 hours and consists of the Channel Islands Harbor and the outer harbor areas. These patrols are done by patrol boat, vehicle and walking. One of the missions of these patrols is to identify hazards to navigation, obstructions, and abandoned vessel. The public sees the Harbor Patrol Officers patrolling the waterways of the Channel Islands Harbor, making it more difficult to abandon a vessel.

The Channel Islands Harbor Patrol manages the Harbor's transient dock facilities. Visiting vessels obtain temporary moorage through the Harbor Patrol at one of the transient facilities. In acquiring temporary moorage, the Harbor Patrol gathers vessel owner information and informs boaters of local rules and regulations.

The Harbor patrol Officers will identify and issue warnings to vessels that are left unattended at public and private facilities. These vessels will be impounded if not removed. The Harbor Patrol will also remove and impound any vessel that is a hazard to navigation within the Channel Islands Harbor. Each vessel's CF number is run through teletype for ownership and registration information. The harbor Patrol attempts to locate and contact each vessel owner. Every effort to release the vessel to it's legal owner is made. If the owner cannot be located, then the lien process is initiated..

13. Does your agency collaborate with neighboring SAVE grantees that manage abandoned and surrendered vessels?

☒ Yes ☐ No

If yes, list agencies and describe collaboration.

Ventura Port District

14. Does your agency have any special circumstances and/or conditions that contribute to abandoned vessels in your jurisdiction? Explain circumstances/conditions.

The Channel Islands Harbor is comprised of 310 acres of land and water, bordered by two (2) miles of Open Ocean, beachfront property. Our harbor is designated by the State of California as a Shallow Small Craft Harbor and has approximately 2,400 wet slips, dry storage for 500 vessels, and a six (6)-lane launch ramp facility, which is used by over 10,000 members of the trailer boating public annually. The size, recreational usage and large number of visitors 24 hour a day all contribute to a busy harbor where vessels often are abandoned.

Objective 5: SNHAP

Per HNC 525, when evaluating an application DBW shall give greater weight to applicants who have an existing SNHAP.

15. Does your agency have a Submerged Navigational Hazard Abatement Plan (SNHAP)? ☒ Yes ☐ No

If Yes, attach copy.

[41315_0_665_Mission.pdf](#)

16. Summarize the detailed process in your SNHAP for the abatement of non-vessel related navigational hazards and commercial vessels.
- In a 24 hour period, the Harbor Patrol Officers are tasked with completing a minimum of 6 complete patrols. Each patrol lasts approximately 2.5-3.0 hours and consists of the Channel Islands Harbor and the outer harbor areas. These patrols are done by patrol boat, vehicle and walking. Several of the missions of these patrols is to identify hazards to navigation, obstructions, and abandoned vessel. When a hazard to navigation or obstruction is identified, the Harbor Patrol will remove it themselves if capable. if not capable they will tow the hazard to the Harbor Maintenance facility where it can be removed with a crane and disposed of. If this is not possible the Harbor department will contract a local company that has the ability to deal with the issue.
17. Identify the SNHAP's funding source for the control/abatement of **non-vessel related** water hazards, hazardous floating debris (such as logs), submerged objects and abandoned piers and pilings

In a 24 hour period, the Harbor Patrol Officers are tasked with completing a minimum of 6 complete patrols. Each patrol lasts approximately 2.5-3.0 hours and consists of the Channel Islands Harbor and the outer harbor areas. These patrols are done by patrol boat, vehicle and walking. One of the missions of these patrols is to identify hazards to navigation, and obstructions. the Channel Islands Harbor Department's budget is the funding source to deal with hazards to navigation and hazardous objects.

Objective 3: Cost Effectiveness

Has your agency been involved in abatement activities during the past 3 calendar years? ☒ Yes ☐ No

If yes, provide the average cost to remove and destroy vessels in the chart below:

	ABANDONED VESSELS	AVERAGE COST	
18.	Vessels Less Than 30'	2,300.00	LAST CALENDAR YEAR

2015	34,300.00	7

23. Identify the number of personnel currently working in the program with more than two years' experience managing the SAVE program. 3

24. What process/method/practice have you implemented in the last 24 months to reduce the grant program's cost of removing and destroying abandoned or surrendered vessels?
- The Harbor Patrol Officers will identify and issue warnings to vessels that are left unattended at public facilities. These vessels will be impounded if not removed. The Harbor Patrol will also remove and impound any vessel that is a hazard to navigation within the Channel Islands Harbor. Each vessel's CF number is run through teletype for ownership. An attempt to locate the owner is made. Once every effort to release the vessel to its owner is made, then the lien process is initiated. The vessel will be stored at the Harbormaster dock or dry docked depending on its condition. Vessels that lack sea worthiness and are likely to sink need to be removed from the water.

Once the lien sale has been processed the vessel goes to auction. The auction is advertised in the local newspaper. Also, People inquiring about auctions with the Harbor Patrol are passed information. The vessel is destroyed if it doesn't sell at auction. One of the local boatyards will handle the destruction of the abandoned vessel. The vessel is removed from the water and dismantled in the boatyard. All material that is recyclable is sorted out and placed in the appropriate material category.
