Registrar Ascencion,

I have and share many grave concerns about the integrity of your EAP. Your Education Series so far has done nothing to remedy any of my concerns.

I have concerns that you are planning on certifying election results from an Election Plan that does not meet United States Constitutional muster.

I will continue to express my concerns at the Board of Supervisors Meetings and challenge all of our elected officials across Ventura County to ensure that your election plan is secure, transparent, cost effective and constitutional. It is time to opt Ventura County out of the California Voters Choice Act and return to one day precinct voting.
