Ventura County Board of Supervisors  
800 S. Victoria Ave.  
Ventura, CA 93009

Dear Supervisors,

On behalf of the **American Association of University Women (AAUW), Thousand Oaks Branch**, I am writing to express our very strong support for **Agenda Item 36**, which proposes amendments to the Dominion Voting Systems contract to upgrade voting equipment and systems. As part of our community outreach, we are committed to promoting free and fair elections for all residents and we believe these upgrades are a vital step in ensuring the integrity of our electoral process.

In today's rapidly evolving technological landscape, it is essential that our voting systems remain secure, transparent, and reliable. Upgrading our equipment will not only enhance accuracy but also help restore and reinforce public confidence in our elections. Voter trust is crucial to maintaining a healthy democracy, and modern, secure systems play a key role in achieving that.

We urge you to approve this amendment, as it will help safeguard the rights of Ventura County voters and ensure the continued strength of our democratic process.

Thank you for your leadership and dedication to our region and community.

Sincerely,

Sally J Hibbitts

Co-President,

AAUW Thousand Oaks Branch
