ASPIRANET
CHILD & ADOLESCENT NEEDS & STRENGTHS/CHILD & FAMILY TEAM
FY 2024-2025

I. BACKGROUND AND PROGRAM OBJECTIVE

Child & Adolescent Needs & Strengths (CANS) Assessment/Child & Family Team co-implementation is an inter-agency effort between Child Welfare Services, Behavioral Health and Juvenile Probation as part of an integrated System of Care. An aligned, uniform CFT engagement and planning process with assessment communicated through CANS is a cornerstone of the Integrated Core Practice Model (ICPM).

The CANS is a multi-purpose assessment tool that supports decision-making, including level of care and service planning. The CANS must be completed by certified assessors who interview families involved with child welfare to learn about their strengths and needs. The focus of the CANS/CFT services contract is conducting CANS Assessments through child/youth and parent/caregiver interviews and entering the data into CARES Live online database. The contractor shall provide CANS assessments to several sub-populations who are not currently being served by VCBH.

II. ROLES AND RESPONSIBILITIES

Contractor shall perform those services described in RFP 6096 HSA 2122.05 CHILD & ADOLESCENTS NEEDS & STRENGTHS SERVICES/CANS-CFT.

- A. Contractor shall conduct CANS Assessments through child/youth and parent/caregiver interviews and entering the data into CARES Live online database. The contractor shall provide CANS assessments to several sub-populations who are not currently being served by VCBH. CANS Assessments are completed on intake into the child welfare system and every six months thereafter. The contractor and CFS will determine number of CANS to be completed based on number of eligible children at start of contract term. These children include:
 - 1. Children who are not currently receiving specialty mental health services.
 - 2. Children in Family Maintenance (FM) or Family Preservation (FP) cases without Medi-Cal.
 - 3. Children placed out of county (presumptive transfer applies if receiving Specialty Mental Health Services).
- B. The CANS Assessment is completed by certified professionals on intake and at a minimum of every six months afterward. Family Facilitators must complete two

days of CANS training and pass a CANS certification test. They must complete CFT Meeting Facilitator training; the training is five days.

- C. CANS assessments are to be completed by the Family Facilitators by interviewing the child/youth, the child's birth parents, and trusted family members. An interview with a temporary caregiver should not take the place of the birth parent(s) when completing the assessment. Assessments should be completed at times convenient to the families, which may include evenings and weekends. Contact methods (phone, in person, or virtual) should be at the preference of the family. Assessments must be entered into CARES-Live online database after completion; additional record keeping may be required.
- D. Contractor will enter CANS information into CARES-Live system and document the information in each youth's mental health screening tab in CWS/CMS within 5 business days of the assessment.
- E. Contractor will Initiate contact with families within three (3) working days of receipt of CANS referral from County. Contractor will communicate scheduling barriers with the primary Child Welfare Social Worker. Inform primary CWSW immediately if the family is not responsive to contractor and confirm when CANS Assessments are completed.
- F. Contractor will make retention efforts for Family Facilitators—including compensation commensurate with assigned responsibilities—as an important component of the program.
- G. The Contractor will provide the following direct services to families as requested by the County: pre-meet with families to educate them on the CFT and CANS processes, pre-meeting with the assigned social worker prior to the CFT and CANS, conduct family-finding activities to identify potential CFT members and/or potential placements, review the CANS during the case-planning CFT Meeting, and facilitate CFT Meetings. When possible, the same individual will be assigned as both the CANS assessor and the CFT Meeting facilitator for a family. Utilizing the same neutral professional will decrease the number of transitions a family experience while increasing family engagement.
- H. Contractor will augment the CFS CFT program by providing a minimum of 520 CFT Meetings annually, including administration and facilitation. Administration may include contacting meeting participants (between five and twenty participants) to request availability. Meetings last an average of two hours, not including preparation. Facilitators should be available between the hours of 8am and 8pm on weekdays. Some weekend activity may be required. It is anticipated that the majority of CFT Meeting requests will occur between the hours of 1pm and 7pm on weekdays.

- I. Contractor will provide CFT action plan to all Social Worker within 5 business days of the CFT and complete the CFT documentation in CWS/CMS for each youth.
- J. Contractor may be asked by CFS to provide Family Finding and Engagement Support prior to a CFT. This activity would utilize family finding tools such as the Circles of Support, Eco Maps, and Genograms. CFS has a goal for every CFT Meeting to be comprised of 70% unpaid support people (i.e., friends and family of the target family) and 30% professionals. Whenever possible, the same Family Facilitators should complete the family finding activity, CANS Assessment, and CFT Meeting facilitation for a specific family. This consistency is anticipated to build trust and increase engagement.
- K. The Contractor is responsible for the indirect administrative tasks of scheduling CFT Meetings, providing meeting place facilities (including a remote meeting option), collecting, and filing meeting paperwork, and tracking data. The contractor will provide CFT meetings in times and spaces that are convenient to families (primarily late afternoons, early evenings, and occasional weekends).
- L. Contractor must provide activities and material in English and Spanish as preferred by participants. This includes conducting CANS assessments in the families' language of choice; Contractor must provide interpretation options for other languages as needed. Contractor must also provide translation for Action Plans created during CFT Meetings. The Contractor will partner as needed with CFS to serve Mixteco families.
- M. CANS Assessments and CFT facilitation will be conducted by Family Facilitators. Family Facilitators are expected to demonstrate a thorough knowledge of family engagement techniques and trauma-informed care. Family Facilitators are also expected to possess a working knowledge of the values and practices of the California Child Welfare Core Practice Model, relevant modules of Safety Organized Practice, relevant portions of the Written Directives from the State of California, and the Ventura County Children and Family Services "We Believe" Statements.
- N. Contractor is responsible for administrative oversight of the program including recruiting, training, overseeing, and retaining the following staff: Program Director, Family Facilitators, and Support staff. Staffing structure is at the discretion of the contractor providing all conditions of this contract are fulfilled. Contractor will provide adequate staffing to handle the requested volume of CFT meeting facilitation and CANS assessments, including availability on evenings and weekends.
- O. Contractor will maintain sufficient bilingual staff to provide services to all Spanish-speaking families. Should there be occasions when contractor does not have the required minimum bilingual staff employed, the contractor shall secure

interpretation services as needed. Partner with COUNTY as needed to provide services in indigenous languages for Mixteco families.

- P. County representative will participate in Family Facilitator interview panel as requested by Contractor or CFS. Contractor will make hiring determination independently based on candidate qualifications. CFS may request to review Family Facilitator qualifications prior to assigning them to Family Facilitator role to ensure qualifications meet minimum requirement as stated in RFP.
- Q. Contractor will maintain and update a brochure/printed information piece describing the program's services in both English and Spanish.
- R. Contractor will ensure timesheets are coded by activities/type of service and supporting documentation for invoices is organized by activity/service category.
- S. Contractor will attend quarterly meetings to review program performance and quarterly reports and on an as-needed basis to discuss policy updates, procedure updates, issues, and/or concerns, and disseminate information.
- T. Contractor will be familiar with State guidance regarding CANS and CFT implementation (referenced in All-County letter links in Introduction/Background section) and maintain CANS certification and up to date on CFT Meeting Facilitation training.

III. PERFORMANCE MEASURES

- A. CONTRACTOR shall detail work performed and outcomes as indicated in Exhibit C and any obstacles to achieving the expected outcomes. Reports are due within 15 days after the end of each quarter. Exhibit C may be revised throughout the contract term to better meet the needs of County and/or Contractor. CONTRACTOR shall attach a detail report to Exhibit C that shall include the following:
 - 1. Percent of referred families contacted for a CANS assessment within 3 business days of referral.
 - 2. Percent of families to participate in a CANS assessment in the language of their preference.
 - 3. Percent entry of CANS information into CARES-Live system within 5 business days of the assessment.
 - 4. Percent of CFT Meeting Participants who fill out a response survey indicate satisfaction with the service.

5. Percent CFT Action Plan provided to social worker within 5 business days of the CFT Meeting.
- B. The contractor will monitor internal performance to minimize errors and complete timely CANS assessments and CFT Meeting facilitation. Report format and review process will be jointly developed by CFS and the Contractor during contract development. Contractors not meeting program evaluations and outcomes requirements will submit a corrective action plan to the assigned Administrative Specialist.
- C. Contractor shall submit cumulative performance reports to the COUNTY on a quarterly basis and ad-hoc reports as requested by CFS.

IV. COMPENSATION SCHEDULE

- A. COUNTY and CONTRACTOR acknowledge and agree that this is a cost reimbursement contract. The total compensation amount of this contract shall not exceed \$674,000 for the service period of July 1, 2024, to June 30, 2025. CONTRACTOR shall be paid in arrears for all costs incurred and paid in support of this contract. Contract funding is comprised of Federal (Title IV-E and Title XIX), Realignment and County funds. Administration/Indirect Costs are limited to 10% of the total contract budget per 2 CFR 200, unless the Contractor holds a federally negotiated indirect cost rate agreement (ICRA).
- B. CONTRACTOR shall submit an invoice monthly for all expenses incurred and paid for the previous month no later than the tenth calendar day of the subsequent month to Human Services Agency-Fiscal Division. If Contract invoices or other required documentation are not submitted within ninety (90) days of the activity occurring, CONTRACTOR will pay to COUNTY \$50 per day as liquidated damages beginning on the 91st day following the original due date.
- C. Subcontractor invoices for services shall be paid by the CONTRACTOR first with such amounts included in CONTRACTOR'S regular invoice to the COUNTY for reimbursement.

- E. The contractor must ensure that all costs are reasonable, allowable, and necessary, and shall maintain sufficient documentation to verify expenses. The contractor will be responsible for repayment of any disallowed costs.

V. MONITORING

- A. COUNTY may monitor and evaluate CONTRACTOR to ensure compliance with the terms of this Agreement. COUNTY shall notify CONTRACTOR of any deficiency as soon as practicable.
- B. CONTRACTOR's failure to resolve a deficiency within 90 days of COUNTY monitoring and notice may be sufficient cause for COUNTY to withhold contract funds to the CONTRACTOR until such time as deficiency is cured to the satisfaction of the COUNTY.
- C. Monitoring reports may be used to evaluate requests for proposals for new contracts and for making program improvements should this contract be renewed.
