**WHEREAS**, District staff recommends rate increases and adjustments to the monthly charges as shown in the attached Exhibit 4;

**WHEREAS**, the amounts of the fees do not exceed the estimated reasonable cost of providing the services for which the fees are imposed, and these costs are allocated to payers in a manner that is proportional and bears a fair and reasonable relationship to the payers' burdens, or benefits received, from such services;

**WHEREAS**, the District's Citizens' Advisory Committee has reviewed the proposed rate schedule (Exhibit 4) and unanimously concurred with the recommended increases to the sewer and agricultural water rates and the monthly potable and reclaimed water service charges;

**WHEREAS**, notice of the proposed action was provided per law;

**WHEREAS**, per section 53759 of the Government Code, effective January 1, 2022, there is a 120-day statute of limitations for challenging any new, increased, or extended fee or charge from the effective date or of the date of the final passage, adoption, or approval of the ordinance, resolution or motion, whichever is later;

**WHEREAS**, the Board considered all such oral and written comments, protests, and objections, and has determined that written protests were not received from a majority of parcels affected by the proposed sewer service charge increase;

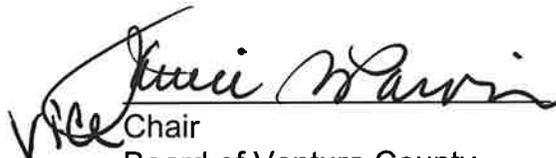

**WHEREAS**, under the authority of Water Code Section 55501.5 and Government Code Section 54984, the District properly established a water standby charge for undeveloped properties for which water service is made available;

**WHEREAS**, District staff proposes to keep the current water standby charge unchanged for Fiscal Year 2024-25; and

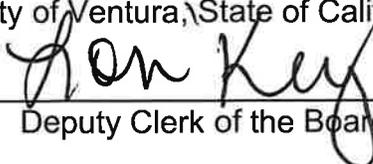

**WHEREAS**, the District has submitted the attached Schedule of Water Standby Charges for Fiscal Year 2024-25 (Exhibit 5) showing a description of each parcel for which, this standby charge is to be billed, together with the amount of the charge applicable to each parcel, so that said charges may be collected as a part of the annual general county tax bill;

**NOW, THEREFORE, BE IT RESOLVED** that the Board hereby (i) adopts the proposed rate schedule increasing the sewer rates and monthly reclaimed water meter charges as shown in Exhibit 4, attached hereto, effective beginning on the next regularly scheduled meter reading and billing cycle on or after July 1, 2024, (ii) directs that these rates be published on the District's website, and (iii) approves continuing the current water standby charge of \$46.82 per acre (or per parcel less than one acre), up to the maximum charge based on five (5) acres, as shown in Exhibit 5, attached hereto, and as part of the County tax roll for fiscal year 2024-25.
