DISCUSSION:

The National Insurance Crime Bureau (NICB) is an organization that partners with insurance companies, consumers, and law enforcement to combat and prevent insurance crime. NICB is currently in possession of a recovered, stolen 2019 Nissan Rogue of which true ownership cannot be established. NICB can lawfully donate this vehicle to a law enforcement agency and wishes to donate it to the Ventura County District Attorney's Bureau of Investigation. The Bureau will use this vehicle for varied investigative purposes. Of note, a 2019 Nissan Rogue is an atypical law enforcement vehicle and will be quite valuable for surveillance.

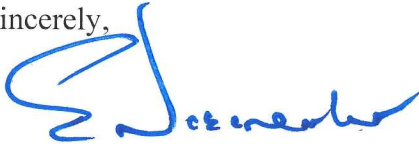

According to GSA Fleet Services, the vehicle has an approximate value of \$23,000 and replacement cost of \$25,000. Fleet Services inspected the vehicle for safety and longevity and approved it for adoption into the County's fleet of vehicles. Necessary repairs and upfitting will cost approximately \$9,300. The vehicle's annual service and fuel costs are estimated to be \$3,324 and its life cycle is estimated to be 60 months, depending on usage. All costs will be borne by the Vehicle Licensing Trust – a revenue program established to fund law enforcement's efforts in thwarting vehicle theft.

To facilitate the transfer, the NICB uses a standardized Permanent Donation Agreement, a copy of which is attached as an Exhibit.
