Title VI Plan

1. Title VI Policy Statement¹

COUNTY AIRPORTS assures that no person shall on the grounds of race, color, national origin (including limited English proficiency (LEP)), sex (including sexual orientation and gender identity), creed, or age, as provided by Title VI of the Civil Rights Act of 1964, the Civil Rights Restoration Act of 1987 (PL 100.259), Section 520 of the Airport and Airway Improvement Act of 1982, and related authorities (hereafter, “Title VI and related requirements”), be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity that receives U.S. Department of Transportation (DOT) funding. Title VI also prohibits retaliation for asserting or otherwise participating in claims of discrimination.

COUNTY AIRPORTS further assures every effort will be made to ensure nondiscrimination in all of its programs and activities, pertinent to Title VI, whether those programs are federally funded or not. The **COUNTY AIRPORTS** agrees, among other things, to understand the communities surrounding or in the flight path, as well as customers that use the airport. Anytime communities may be impacted by programs or activities **COUNTY AIRPORTS** will take action to involve them and the general public in the decision-making process.

COUNTY AIRPORTS requires nondiscrimination assurances, as prescribed by FAA, from each tenant, contractor, and concessionaire providing an activity, service, or facility at the airport. Assurances must be included in any related lease, contract, or franchise agreement between **COUNTY AIRPORTS** and each tenant, contractor, and concessionaire, as well as in any similar agreements with their own sub-tenants and sub-contractors.

Title VI Coordinator Dave Nafie, Deputy Director Business & Development, available at **805/ 388-4201** and **Dave.Nafie@ventura.org**, is responsible for overseeing **COUNTY AIRPORTS**’s compliance with Title VI and the point of contact for all airport Title VI matters and related responsibilities, including those required by 49 CFR Part 21.

3. Grant and Procurement Assurances

49 CFR § 21.7 (a)(1); 49 CFR Part 21 Appendix C (b)

COUNTY AIRPORTS will complete standard grant assurances for Title VI and related requirements, in the form prescribed by FAA. See

https://www.faa.gov/airports/aip/grant_assurances/#current-assurances.

Clauses/Covenants

- a. All contracts, leases, deeds, licenses, permits, and other similar instruments, must contain the contractual requirements and clauses, in the form prescribed by FAA. See https://www.faa.gov/airports/aip/procurement/federal_contract_provisions/. Note that unlike many other clauses, Civil Rights clauses are required in all contracts. Note also special clauses that are required for certain types of contracts, such as land acquisition.
- b. **COUNTY AIRPORTS** requires, Civil Rights clauses to be included in solicitations and contracts for all subcontractors, subleases, and any other agreements.

Description of Oversight Methods for Subcontracts

Subcontract template must be used in all subcontracts related to the airport program. Subcontracts are audited to verify they include the template language, for not less than 10 percent of contractors each year.

4. Title VI Coordinator Responsibilities

The Coordinator is responsible for ensuring that they and other staff supporting the Title VI are trained in Title VI requirements. Essential training topics include:

- Basic Title VI requirements
- Airport language assistance resources and practices
- Collecting and assessing demographic data
- Reporting Title VI complaints and other required FAA notifications.

See Training Section for more information for expected training for all staff.

Among other responsibilities, the Coordinator:

- Proactively ensures that the **COUNTY AIRPORTS** is in compliance with nondiscrimination requirements of Title VI and reports to **COUNTY AIRPORTS** leadership on the status of Title VI compliances.

- Responds promptly to requests by FAA for data and records and for the scheduling of compliance reviews and other FAA meetings to determine compliance with Title VI and related requirements.
- Receives discrimination complaints covered by Title VI and related requirements, and forwards them to the FAA, within 15 days of receipt, together with any actions taken to resolve the matter.
- Provides the FAA with updates regarding its response and status of early resolution efforts to complaints concerning Title VI and related requirements (49 CFR Part 21, Appendix C(b)(3)), including resolution efforts.
- Annually reviews the airport's Title VI plan and disseminates information throughout staff and the COUNTY AIRPORTS's leadership.
- Coordinates data collection to evaluate whether racial or ethnic groups are unequally benefited or impacted by airport programs. The data will be regularly assessed and readily available upon request (49 CFR § 21.9(b) & (c)). Data collection methods will include optional demographic questions in: airport customer satisfaction surveys, customer complaints, airport event sign-in sheets, and bids/proposals for airport contracts, and other methods described in the airport Community Participation Plan (CPP).
- Maintains demographic data for members of appointed planning and advisory bodies for the airport. Identifies any disparities compared to the community. Provides information to the membership selecting official/committee, particularly when vacancies occur.
- Maintains a copy of 49 CFR Part 21 for inspection by any person asking for it during normal working hours (49 CFR 21, Appendix C (b)(2)(i)).

See Notice, Compliance reviews, Audits, Lawsuits, and Other Investigations, and Complaints Sections of this Plan.

The Coordinator has requested and received access to the Title VI portion of the FAA Civil Rights Connect System (<https://faa.civilrightsconnect.com/>).

5. Notice

49 CFR Part 21 Appendix C(b)(2)(ii)

COUNTY AIRPORTS will conspicuously display the FAA-provided Unlawful Discrimination Poster in all public areas on airport property, including those with pedestrian activity. The Coordinator ensures that these posters are visible, accessible,² and maintained. The poster template is available at

² For more information about website accessibility, please visit ADA.gov.

https://www.faa.gov/about/office_org/headquarters_offices/acr/com_civ_support/non_disc_pr/ and a completed copy is attached. See Section 15 Appendix.

COUNTY AIRPORTS has posted the above Title VI policy statement at its staff offices.

COUNTY AIRPORTS will distribute this Title VI Plan among its employees and airport contractors, concessionaires, lessees, and tenants. On FAA acceptance, this plan will be sent via email notifying employees, contractors, concessionaires, lessees and tenants the plan is posted to **COUNTY AIRPORTS** website.

Posters are displayed in the terminal and other areas on airport property, including the following public locations:

Terminal/FBO/Concessions/ Other Locations	Quantity in Pre-Security Area	Quantity in Post-Security Area	Additional Quantities
Main Terminal Entrances	3		
Fixed Base Operators (FBO)			2

Outreach to Affected Communities

COUNTY AIRPORTS ensures notices for public meetings reach all segments of the impacted community. The Title VI coordinator will identify the effective media platforms to share announcement and notices. Announcements are made on the airport website. **COUNTY AIRPORTS Coordinator** contacts leaders and representatives in Affected Communities directly to confirm effective media platforms to reach all Affected Communities³ and provide important feedback on translated materials. The office maintains records of all such notices and the efforts made to reach each of the Affected Communities.

FAA advises a Community Participation Program (**CPP**) is not required at this time. If later found to be required **COUNTY AIRPORTS** will create a detailed **CPP**. A copy of the plan will be available at in the Airport Administration Office and on the Airport website.

To ensure that the community is effectively informed of and able to participate in public hearings, **COUNTY AIRPORTS** includes public notices translated into appropriate languages, including for any language spoken by a significant number or proportion of the Affected Community population that has limited English proficiency (LEP). Such social media postings and notices will include direction for obtaining an interpreter, free of charge, for public hearings.

³ We will not subject any persons to discrimination based on race, color, national origin, age, sex, or creed. The term “protected communities” is used within this Title VI Plan to highlight the requirements of Title VI, 49 U.S.C. § 47123, the Age Discrimination Act of 1975, and in some instances, includes low-income populations under Executive Order 12898.

28 CFR § 42.405(d). See Limited English Proficiency (LEP) Section.

6. Community Statistics

Title VI regulations require Federal grant recipients to know their community demographics. See 49 CFR § 21.9(b). By knowing this information, **COUNTY AIRPORTS** will be able to identify, understand, and engage with communities. In doing so, **COUNTY AIRPORTS** needs to know about communities eligible to be served, actually or potentially affected, benefited or burdened by **COUNTY AIRPORTS**'s airport program.

The Communities immediately surrounding the airport or in the flight path that could be impacted by the airport projects include the neighborhoods of Fremont South, Hobson Park, Sea Air, Sea View Estates, Oxnard, and Teal Club among others. All of these communities are included in the **City of Oxnard** therefore the demographic information in the following tables will utilize US Census data from Oxnard City.

Affected Communities⁴	Population
City of Oxnard	197,696

(Hereafter, the above communities will be referred to collectively as “the Affected Communities”).

We have identified the following facts about the Affected Communities:

Low Income Communities⁵

A low-income area is an identifiable group of persons living in geographic proximity, whose median household income is at or below the Department of Health and Human Services poverty guidelines. Pursuant to Executive Order 12898, “Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations,” **COUNTY AIRPORTS** is collecting information about affected and potentially affected low-income communities. According to *U.S. Census Report, **S1701: Poverty Status in the Past 12 Months***, the overall poverty level for Oxnard City is approximately 10.7 %. The poverty rate is lower compared with the rest of the state of **California** at 13.2%. The poverty rates for the specific Affected Communities are as follows:

Affected Communities	Poverty Rate

⁴ “Affected communities” means any readily identifiable group potentially impacted by an airport project or operation, such as the community immediately surrounding a project or a community in the flight path.

⁵ Low-income data must be collected to assist in our compliance with Environmental Justice requirements (not Title VI requirements). For example, this data will be utilized in our Community Participation Plan (CPP) to help ensure the meaningful involvement of low income communities in airport programs and activities.

City of Oxnard	10.7%
----------------	-------

Racial and Ethnic Communities.

Demographic data for race, color, and national origin was evaluated to identify racial and ethnic communities and populations in each Affected Community. The demographic composition by race, color, or national origin for the specific Affected Communities are as follows⁶:

Affected Community: City of Oxnard		
Total Affected Community Population: 197,696		
Demographic Group within Affected Community	Number of People in Minority Group	Percent of Total Affected Community Population
White Alone	54,764	27.7%
Black or African American	N	N
American Indian and Alaska Native Alone	5,922	3.0%
Asian Alone	11,047	5.6%
Native Hawaiian or Other Pacific Islander	N	N
Hispanic or Latino	150,317	76.0%
Some other Race	36,052	18.2%
Two or More Races	85,887	43.4%

Limited English Proficiency (LEP).

The goal of all language access planning and implementation is to ensure that **COUNTY AIRPORTS** communicates effectively with limited English proficient (LEP) individuals. Effective language access requires self-assessment and planning. The next table lists non-English languages⁷ that are spoken in LEP households in the Affected Communities. The data source is *American Community Survey*.

⁶ Recommend using demographic groups from the U.S. Census.

⁷ Recommend using language groups from the U.S. Census, and using data for the "Speak English less than 'very well'" category for each language over the threshold.

The threshold we have used for identifying the languages with significant LEP populations is the DOT LEP Policy Guidance safe harbor threshold, which is 5% or 1,000, whichever is less.⁸ The safe harbor for our community is 1000 since the population of the area exceeds 20,000. Please refer to Section 14 at the end of this document to find data for all languages in our community.

Languages Spoken by LEP Population that Meet the Safe Harbor Threshold	Number	Margin of Error
Spanish	114,038	+/-2,183
Tagalog	7,697	+/- 651

Frequency of contact with LEP individuals at the airport and airport-related activities (all languages):

Languages Spoken by LEP Persons	A few times a year (12 or less days a year)	Several times a month (13 to 51 days a year)	At least once a week (52 to 364 days a year)	Every day (365 days a year)
Spanish				X
Chinese (incl. Mandarin, Cantonese)				
German				
Korean				
Russian				
Scandinavian				
Vietnamese				
Tagalog				
African				

Additional languages spoken by significant numbers of LEP persons in the Affected Communities, local schools, emergency service providers, and others, include:

Additional Languages Spoken

Chinese
German
Hindi
Japanese
Korean
Vietnamese
Other Pacific Languages
Arabic

⁸ See the DOT LEP Policy Guidance at <https://www.federalregister.gov/d/05-23972/p-133>. The safe harbor provisions apply to the translation of written documents only; however, it provides a consistent starting point for identifying significant LEP populations.

Beneficiary Diversity.

Demographic information is collected from airport customers, attendees at community meetings, and businesses seeking opportunities at the airport, through voluntary disclosures.

Description of Beneficiary Demographic Information Collection Methods

- *Airport Staff conducts biannual surveys of airport guests for customer satisfaction with airport concessions, restroom cleanliness, and other elements and services. The survey includes a voluntary request for demographic information.*
- *Participants at small business workshops, pre-bid meetings, and other public meetings are asked to complete an anonymous survey that includes demographic information.*
- *Businesses that submit bids or offers are asked to complete an anonymous survey that includes demographic information.*

Staff and Advisory Board Diversity.

Demographic information is collected from airport program employees and members of planning and advisory boards, through voluntary disclosures.

Description of Employee and Advisory Board Demographic Information Collection Methods

- *Employees are asked to submit voluntary confidential demographic information at time of hiring.*
- *Every 3 years, the airport administration sends an email to all board members asking them to voluntarily and anonymously enter demographic information through an online survey.*

⁹ Data should be kept up-to-date, but this plan does not need to be updated for incremental data changes during the Plan's 3-year period.

7. Potential or Known Community Impacts

Projects or services receiving federal financial assistance have the potential to touch so many aspects of American life. Thus, in general, no **COUNTY AIRPORTS** activity must have a discriminatory disparate impact on the basis of race, color, national origin (including LEP), sex (including sexual orientation), creed, or age. This means that policies or procedures that have a disparate impact would require a well-documented substantial legitimate nondiscriminatory justification, summarized below. Impacts to protected communities must be avoided or minimized to the extent possible. No project with a discriminatory impact on protected communities will be undertaken.¹⁰

The following airport facilities are already in use or under construction and expected to be in use within the next 3 years:

Existing Airport Facilities	Affected Community Impacted by Operation of the Facility
Runway 7-25	Fremont South, Hudson Park West, Sea View Estates, Oxnard
Air Traffic Control Tower	None
Apron Area	None
Hangar Area	None
Taxiways	None

The following airport facility projects (including all alternatives) are in construction or expected to be in construction within the next 3 years:

Airport Facility Construction Projects	Affected Community Impacted by Construction of the Facility
Runway Reconstruct Taxiway F	None
Air Traffic Control Tower (ATCT)	None
Apron Reconstruction	None
Hangar Area Design	None

We have analyzed the above existing facilities and facility construction projects for disparate impacts on the basis of race, color, or national origin (including LEP) in Affected Communities. The following have disparate impacts:

Facilities or Construction Projects with Disparate Impacts	Affected Community Impacted	Impact Can Be Eliminated?
None		

¹⁰ In order to carry out an alternative with a discriminatory impact, the COUNTY AIRPORTS must demonstrate that there was a substantial legitimate justification for the decision. The sponsor must also show that alternatives with less discriminatory impacts were meaningfully considered and rejected for legitimate reasons.

8. Limited English Proficiency (LEP)

Executive Order 13166

In creating a Language Assistance Plan, the COUNTY AIRPORTS will consider the volume, proportion, or frequency of contact with LEP persons in determining the appropriate language assistance to provide.

In Community Statistics section, we identified the following languages spoken by LEP persons in Affected Communities:

Language
Spanish
Tagalog

COUNTY AIRPORTS also collects data for languages spoken by airport guests.¹¹ Data sources include:

Data Sources for Languages Spoken by Airport Guests	Website link to Data Source
Airport Language Line usage data	www.language-line.com
Airline-provided data	N/A
Assumption from flight origin / destination	N/A
Assistance requests to airport information desks	N/A
TSA	N/A

Based on the above data, the following additional languages have been identified as likely to be spoken by LEP airport guests:

Language
Japanese
Tagalog
German
Korean
Hindi
Arabic

¹¹ We aim to provide appropriate language assistance services to every LEP person encountered. This includes instances when LEP statistical data for a particular language was not available beforehand, or the safe harbor threshold for written translation was not met.

The Title VI Coordinator will also actively engage with community educators, community groups, places of work, business groups, social groups, and the like to confirm that translation and interpretation services are accurate and effective. Additionally, the Title VI Coordinator will inform leadership and staff of the **COUNTY AIRPORTS** of the responsibility to provide language access. We have made the following plans to provide translation services free of charge to ensure that individuals with LEP have access to the benefits of the airport:

Translation Services:

- All written notices contain a statement in the identified languages, when appropriate, of how to receive translated written materials.
- The following vendors have been identified for written translations:

Translation Vendors	Languages
Language line, Inc	All above languages

- Information regarding translation services can be obtained at:

Location for Translation Assistance	Languages
Airport website request form	All above languages
Airport website translate view	Spanish
Language Line, Inc	All Above Languages

Interpretation Services:

- The following vendors have been identified for interpretation services:

Interpretation Vendors	Languages
Language Line, Inc.	All above languages

- Information regarding interpretation services can be obtained at:

Location for Interpretation Assistance	Languages
Airport Language Assistance page	All above languages
Airport information desks	All above languages, using Language Line, Inc.
Airport Administrative Office	All above languages, using Language Line, Inc.

Description of Interpretation Assistance Processes

-
- *Airport Staff maintains a list of multilingual employees, the languages they speak, and their associated office telephone numbers. The list indicates whether each employee is proficient to provide interpretation and/or translation services. The list is updated annually and*
-

provided to all airport employees. Generally, these employee volunteers are available to assist members of the public with verbal real-time interpretation, during normal business hours.

- *The airport contracts with the Language Line, Inc. to provide on-demand telephone interpretation services to airport guests. When a request for an interpreter is received, the following process is used: Airport information desk staff use I-Speak cards to identify the language spoken by the airport guest. Staff contacts Language Line, Inc. and “parks” the request in the queue for the appropriate language. Language Line, Inc. operators will coordinate connect the requesting party to an interpreter for the duration of the call. The completed call is then logged in the Language Line Service binder. This log is kept for one year.*

9. Transportation

49 Part CFR 21 Appendix C (a)(1)(ix)

In the Community Statistics section of this plan, we identified Affected Communities and provided demographic and related data for the community populations. The minority and disadvantaged community areas located within the Affected Communities are identified below. Other minority and disadvantaged community areas that are near the airport but not within Affected Communities are also identified below.

We have coordinated with local transit authority to encourage them to provide transit service access between the airport and these areas.

The following chart identifies existing and planned transit services connecting the airport employment centers with the identified minority and disadvantaged community areas in the City of Oxnard.

Minority and/or Disadvantaged Community Areas	Transit Service	Planned or Existing
Oxnard Transit Center & Gold CoastTransit	Fixed-route buses	Existing
GO ACCESS – Gold Coast Transit	Paratransit vans	Existing

10. Minority Businesses

49 CFR 21 Appendix C (a)(1)(x)

Bids for airport concessions and other business opportunities are solicited from area minority and woman-owned businesses through the following methods:

Airport Business Opportunity	Minority Business Outreach Methods
Custodial Services	Ventura County Outreach
Landscaping Services	Ventura County Outreach
Misc Building Improvements	Ventura County Outreach

Selections are in compliance with Title VI, Part 21, and related requirements. Information on the award process and documentation for specific bid decisions is kept with COUNTY AIRPORTS Administrative Office.

11. Training

New employee orientation incorporates Title VI training. Topics include:

- Title VI and related laws prohibit discrimination on the basis of race, color, national origin (including LEP), sex (including sexual orientation and gender identity), creed, or age

At regular intervals, the Coordinator will provide FAA contacts with status updates for the investigations and reviews, until completed. For each existing investigation or review completed within 5 years of this plan, the Coordinator will also provide a statement about the outcome, unless previously provided.

13. Title VI Complaints

49 CFR 21.11; 49 CFR 21 Appendix C (b)(3); 28 CFR 42.406(d)

Scope. These procedures are for complaints of discrimination under Title VI and related laws (hereafter “Title VI Complaints.” In order to be a Title VI Complaint, the complaint must:

1. Allege discrimination on the basis of race, color, national origin (including LEP), sex (including sexual orientation and gender identity), creed, or age or violations administrative requirements under Title VI or related laws.
2. Not only be for employment matters¹⁴
3. Allege misconduct by the COUNTY AIRPORTS including airport employees, contractors, concessionaires, lessees, or tenants.
4. Concern an airport facility or actions by the COUNTY AIRPORTS including airport employees, contractors, concessionaires, lessees, or tenants.

¹² Includes any Title VI, ADA, Sec. 504, Title VII/EEO, or other civil rights program compliance review or audit to be performed on the COUNTY AIRPORTS or any of its sub-recipients by any State, local or Federal agency.

¹³ Includes allegations of discrimination based on race, color, national origin (including LEP), sex (including sexual orientation and gender identity), creed, or age, whether because of actions of the COUNTY AIRPORTS itself, or its employees, contractors, or tenants. Includes noncompliance with related administrative requirements under civil rights laws.

¹⁴ Complaints of employment discrimination must be addressed as required by EEOC and other applicable authorities with jurisdiction over employment matters. If an COUNTY AIRPORTS employment activity is supported by FAA-provided financial assistance or it is alleged that the employment discrimination affects the broader airport program, complaints about that activity must also be reported to FAA.

Rights. Any person who believes that he or she has been subjected to discrimination on the basis of race, color, national origin (including LEP), sex (including sexual orientation and gender identity), creed, or age has the right to file a complaint with the **COUNTY AIRPORTS**.¹⁵ Alternatively, they can file a formal complaint with an outside agency, such as the U.S. Departments of Justice or Transportation, or the Federal Aviation Administration (FAA), or seek other legal remedies.

Receipt of Complaint. The Coordinator will log in the complaint and promptly send copies of the complaint to Airport Administration Office.

Complaints must be filed within 180 days of the discriminatory event, must be in writing, and must be delivered to:

Ana Castro, Administrative Officer

Ana.Castro@ventura.org

If a complaint is initially made by phone, it must be supplemented with a written complaint before 180 days after the discriminatory event has passed. If a verbal complaint is received, the complainant should be given a copy of the Airport Discrimination Complaint Procedures and instructed to submit a written complaint. Accommodation will be provided upon request to individuals unable to file a written complaint due to a disability.

Initial Procedure. The Coordinator may meet with the complainant to clarify the issues, obtain additional information, and determine if informal resolution might be possible in lieu of an investigation. If successfully resolved, the Coordinator will issue a closure letter to the complainant, record the disposition in the complaints log, and report the resolution to FAA.

Discrimination Complaint Referral Procedure

Internal Complaint Referral. All Title VI complaints must be promptly forwarded to the Coordinator within 3 business days.

Initial FAA Notification. A copy of each Title VI complaint will be forwarded to the FAA within 15 days of initial receipt (not the date that the Coordinator was notified). The Coordinator will forward a copy of the complaint and a statement describing all actions taken to resolve the matter, and the results thereof to the FAA Civil Rights staff. (Note: complaints based on disability do not have to be forwarded to FAA.) To transmit complaint information to the FAA, the Coordinator will upload the complaint to the FAA Civil Rights Connect System. The Coordinator will also seek technical assistance from FAA, as needed, throughout complaint intake, investigation and resolution process.

¹⁵

Investigation Procedure

Assignment of Investigator. The Coordinator will immediately begin the investigation or designate an investigator.

Cooperation with FAA. The Coordinator will promptly investigate all Title VI complaints, including those referred by the FAA for investigation. If the FAA is investigating a complaint against **County Airports**, the Coordinator will avoid interfering with the FAA investigation, cooperate with the FAA when needed, and share factual information with the FAA.

Prompt Investigation. The Coordinator will make every effort to complete discrimination complaint investigations within 60 calendar days after the complaint is received. Some investigations may take longer with a justification for the delay and assurance that the investigation is being completed as quickly as possible.

Contact with Complainant. The Coordinator will meet with the complainant to clarify the issues and obtain additional information, and also speak with community members and potential witnesses, as appropriate.

Investigation Report. After completing the investigation, the Coordinator will prepare a written report.

Prompt Resolution of Disputes. The Coordinator will emphasize voluntary compliance and quickly and fairly resolve disputes with complainants, or with contractors, tenants, or other persons, through alternate dispute resolution, negotiation, and/or mediation.

Forwarding Report and Response to Complainant. At the completion of the investigation, the complainant and respondent will receive a letter of findings and determination of the investigation and any applicable resolution. The letter transmitting the findings and any applicable resolution will state **County Airport's** conclusion regarding whether unlawful discrimination occurred, and will describe the complainant's appeal rights. A summary of the investigation report, any appeal, or follow-up actions will be sent to the FAA via the FAA Civil Rights Connect System.

Appeal Rights. The complainant must be notified of their right to appeal the findings or determinations, and of the procedures and requirements for an appeal:

- The complainant may appeal in writing to the **Ventura County Airports Director of Airports.**
- The written appeal must be received **within 14** business days after receipt of the written decision.

- The written appeal must contain all arguments, evidence, and documents supporting the basis for the appeal.
- The **Director of Airports** will issue a final written decision in response to the appeal.

Avoiding Future Discrimination. In addition to taking action with respect to any specific instances of discrimination, **County Airports** will identify and implement measures to reduce the chances of similar discrimination in the future.

Intimidation and Retaliation Prohibited. **County Airports** employees, contractors, and tenants will not intimidate or retaliate against a person who has filed a complaint alleging discrimination.

	ACS data generally reflect the geographic boundaries of legal and statistical areas as of January 1 of the estimate year. For more information, see Geography Boundaries by Year .
	Data are based on a sample and are subject to sampling variability. The degree of uncertainty for an estimate arising from sampling variability is represented through the use of a margin of error. The value shown here is the 90 percent margin of error. The margin of error can be interpreted roughly as providing a 90 percent probability that the interval defined by the estimate minus the margin of error and the estimate plus the margin of error (the lower and upper confidence bounds) contains the true value. In addition to sampling variability, the ACS estimates are subject to nonsampling error (for a
	Users must consider potential differences in geographic boundaries, questionnaire content or coding, or other methodological issues when comparing ACS data from different years. Statistically significant differences shown in ACS Comparison Profiles, or in data users' own analysis, may be the result of these differences and thus might not necessarily reflect changes to the social, economic, housing, or demographic characteristics being compared. For more information, see Geography Boundaries by Year .
	Estimates of urban and rural populations, housing units, and characteristics reflect boundaries of urban areas defined based on 2020 Census data. As a result, data for urban and rural areas from the ACS do not necessarily reflect the results of
	<p>Explanation of Symbols:- The estimate could not be computed because there were an insufficient number of sample observations. For a ratio of medians estimate, one or both of the median estimates falls in the lowest interval or highest interval of an open-ended distribution. For a 5-year median estimate, the margin of error associated with a median was larger than the median itself. N The estimate or margin of error cannot be displayed because there were an insufficient number of sample cases in the selected geographic area. (X) The estimate or margin of error is not applicable or not available. median- The median falls in the lowest interval of an open-ended distribution (for example "2,500-") median+ The median falls in the highest interval of an open-ended distribution (for example "250,000+"). ** The margin of error could not be computed because there were an insufficient number of sample observations. *** The margin of error could not be computed because the median falls in the lowest interval or highest interval of an open-ended distribution. ***** A margin</p>
