Hello, respected members of the Board of Supervisors. I am writing to express my full support for Ventura county's established election protocols and its adherence to the Voters Choice Act. I worked for the county in the primary election in March and found the level of security, training, and credibility to be simply outstanding. Every election employee in the East Ventura polling place where I was assigned was professional, courteous, and stuck to the letter of the protocols. We have free and fair elections in Ventura and I want it to stay that way.
