It is estimated that \$1,070,000 will be available through this contract for the base performance period of July 1, 2024, through June 30, 2025. Contract funding is comprised of Federal Title I WIOA Youth Funds (CFDA 17.259) and as such shall be subject to the Code of Federal Regulations (2 CFR 200 – Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.)

The contractor will be reimbursed monthly in Net 30 arrears for approved and allowable contract costs incurred and paid in accordance with a detailed line-item budget approved by the County. As a cost reimbursement contract, at no time will contractor be allowed to invoice the County of Ventura for profit or other costs that include any amounts above the actual cost incurred.

Attachment “A”

SCOPE OF WORK

1. Program Elements and Components

Training programs should include sufficient resources to ensure each participant’s success and achievement of mandated performance outcomes. Because Workforce Innovation and Opportunity Act of 2014 (WIOA) resources are limited, the Contractor will be expected to enlist other community partners to provide services and resources to participants in order to thoroughly maximize available resources and provide a comprehensive array of services responsive to the unique needs of each youth.

Contractor must make available, but need not necessarily directly provide, the following fourteen (14) WIOA program elements to each youth. Each youth is to receive all services directly relevant to his/her/their needs. Contractor will incorporate and provide the following program elements, as prescribed by WIOA Sec. 129(c)iv(2)(A-N):

- 1) Tutoring, study skills training, instruction, and evidence-based dropout prevention activities that lead to completion of a high school diploma or recognized equivalent.
- 2) Alternative secondary school and dropout recovery services that assist youth who have struggled in traditional secondary education or who have dropped out of school.
- 3) Paid and/or unpaid work experiences—a structured learning experience in a workplace that provides opportunities for career exploration and skill development. This includes summer and year-round employment opportunities, pre-apprenticeship programs, internships, job shadowing and on-the-job training (OJT) opportunities. Work experience must be linked to an Individual Service Strategy (ISS) and to activities that meet Department of Labor (DOL) Primary Indicators of Performance (see Section 5 below).
- 4) Occupational skills training in an organized program of study that provides specific skills and leads to proficiency in an occupational field, with potential priority given to programs leading to recognized post-secondary credentials aligned with in-demand industry sectors/occupations.
- 5) Education offered concurrently or sequentially and in the same context as workforce preparation activities and training for specific occupations or occupational clusters.
- 6) Leadership development opportunities, which may include community service and peer-centered activities that encourage responsibility, confidence, employability, self-determination and other positive social and civic behaviors.
- 7) Supportive services, including transportation, childcare, etc., that are necessary to enable the youth to participate in program activities. The rationale for supportive services must be included in each youth’s Individual Service Strategy.
- 8) Adult mentoring, a formal relationship between a youth and an adult mentor, with structured activities where the mentor offers guidance, support, and encouragement, for the period of participation and a subsequent period, for a total of not less than 12 months.
- 9) Follow-up services for not less than 12 months after a participant exits the program, as appropriate. Post-exit services may include mentoring, career planning, referral to supportive services, job search assistance and counseling, and will help youth to succeed in employment or education.
- 10) Comprehensive guidance and counseling, which may include drug/alcohol abuse and mental health counseling and referral, as appropriate.
- 11) Financial literacy education to provide youth with the knowledge and skills they need to achieve immediate financial understanding and long-term financial stability.
- 12) Entrepreneurial skills training, providing the basics of starting and operating a small business and developing entrepreneurial skills.
- 13) Services that provide labor market and employment information about in-demand industry sectors or occupations available in the local area.
- 14) Activities that help youth prepare for, and transition to, post-secondary education and/or training.

Partnerships with other service providers are essential for program success and continuity. Communication linkages, information sharing, referral procedures, background checks and issues of confidentiality must be addressed. Partnerships may be established via a sub-contract or provided in-kind to the WIOA contractor via

a signed Memorandum of Understanding (MOU). If contractor will sub-contract any portion of the program, a formal agreement must be in place within 30-days of the start of the program.

In partnership with each youth participant, the contractor will complete an Individual Service Strategy (ISS) to determine the appropriate services for each participant. Through this process, the contractor will ensure that each participant has the opportunity to achieve the agreed upon goals in the ISS, and that appropriate documentation on the progress toward those goals is maintained. The contractor will be expected to utilize best practice approaches to building self-motivation and empowered choice-making among youth participants.

Participants should be provided access to needed support services such as drug and alcohol treatment, health services, transitional housing, psychological counseling, and specialized assessment in areas for conditions such as learning disabilities and visual/hearing impairments.

Trauma affects the way a person learns, plans, and interacts with others; a young person may be combative, non-responsive at times, or misuse substances to cope with these past traumas. Youth programs have increasingly adopted different types of trauma-informed care approaches which seek to support individuals who have experienced trauma or distressing events in their lives. Several local programs have adopted trauma-informed care into their program offerings. DOL encourages all WIOA Youth Program providers to fully incorporate trauma-informed care principles and practices into program planning, staffing, training, and implementation.

Program designs that include participation in hands-on paid work-based learning opportunities, such as internships, work experience or job shadowing are required. Industry partnerships with local employers that expose youth to high-demand occupations are also encouraged, as are training opportunities linked to local educational or training providers.

2. Participant Recruitment and Eligibility

The contractor is responsible for the recruitment of sufficient numbers of eligible youth to meet their enrollment obligations. Contractor must be able to demonstrate how youth in all cities and surrounding areas within Ventura County will have access to services.

Program enrollments are limited to WIOA-eligible youth, ages 14 to 24, in-school and out-of-school residents of Ventura County who have one or more barriers to employment. The DOL prioritizes services for veterans and their eligible spouses who also meet the WIOA-eligible youth criteria. Contractors will be responsible for conducting and documenting initial WIOA eligibility determinations.

3. In-School Youth

In order to receive services as an In-School (IS) youth, an individual must meet the following eligibility criteria:

- Attending school, including secondary and postsecondary school.
- Age 14-21 years old (A youth with a disability who is in an individualized education program at the age of 22 may be enrolled as an IS youth [TEGL 21-16 and EC 56026]).
- An individual with low-income.
- Meets one or more of the following barriers:
 - a) Basic skills deficient.
 - b) An English language learner.
 - c) An offender.
 - d) A homeless individual or runaway.
 - e) An individual in foster care or who has aged out of the foster care system or who has attained 16 years of age and left foster care for kinship guardianship or adoption, a child eligible for assistance under Section 477 of the Social Security Act, or in an out-of-home placement.
 - f) Pregnant or parenting (custodial and non-custodial parent including noncustodial fathers).
 - g) An individual with a disability.
 - h) An individual who requires additional assistance to complete an educational program or secure and hold employment.

A youth participant's eligibility is determined at intake; therefore, the youth remains eligible for youth services until exited. For example, an individual who is an in-school youth and between the ages of 14-21 at the time of enrollment, and is now beyond the age of 21, is still considered an in-school youth until exited.

Under WIOA, a youth who receives or is eligible to receive a free or reduced lunch under the Richard B. Russell National School Lunch Act, is considered to be low-income.

4. Out-of-School Youth

An out-of-school youth is defined as a WIOA-eligible youth, age 16-24, who is not attending school and meets at least one of the following criteria:

- School dropout.
- Within compulsory school age, but has not attended for at least the most recent school year calendar quarter.
- Recipient of a secondary school diploma or its recognized equivalent who is low-income and
 - Basic skills deficient or
 - English language learner.
- Subject to the juvenile justice system.
- Homeless, a runaway, in foster care or aged out of foster care, or is in an out-of-home placement.
- Pregnant or parenting.
- Disabled.
- Low-income and requires additional assistance to enter or complete an educational program or secure employment.
- Low income for OS youth may include an individual living in a high-poverty area, which is defined as a census tract with 25% or more of the population living in poverty.

5. Performance Goals/Industry-Recognized Credentials

The contractor will be responsible for achieving successful participant and program outcomes for the following DOL Primary Indicators of Performance as detailed in EDD Workforce Services Directive WSD22-01 Performance Guidance (found at https://edd.ca.gov/siteassets/files/jobs_and_training/pubs/wsd22-01.pdf)

Contractor will be expected to meet the following Primary Indicators of Performance and will be evaluated in the following areas listed below:

Measure	Definition of Measure	Goal
Employment Rate 2nd Quarter After Exit	Achieving employment or involved in education/training activities or unsubsidized employment in the second quarter after exit from the program.	75%
Employment Rate 4th Quarter After Exit	Achieving employment or involved in education/training activities or unsubsidized employment in the fourth quarter after exit from the program.	73%
Median Earnings 2nd Quarter After Exit	Median earnings of participants in unsubsidized employment in the second full calendar quarter after exit from the program.	\$5,000
Credential Attainment	Attainment of a recognized postsecondary credential (including registration in an apprenticeship), a secondary school diploma, or its recognized equivalent, either in the program or within one year after program exit (only counts if the individual has obtained/retained employment or is in an education/training program leading to post-secondary credential within one year after exit from the program.)	65.8%
Measurable Skills Gain	Participation during a program year in education/training programs leading to: a recognized post-secondary credential or employment and is achieving measurable skill gains toward such a credential or employment.	60%

The State of California and/or the Workforce Development Board (WDB) may identify additional performance indicators and may establish goals for the contractor in addition to those listed above. Should the measures or goals change, the contractor will be notified of the change and any associated reporting as soon as possible. The WDB has set goals for the number of individuals enrolled, served, trained, and/or placed (in addition to State-mandated performance goals) to ensure a strong return on investment, adequate levels of service, and positive outcomes for the community.

WIOA emphasizes attainment of credentials that attest to qualification or competence and are issued to an individual by a third party (such as an educational institution or an industry or occupational certifying organization) with the relevant authority or assumed competence to issue such a credential.

Performance will require documented and verifiable attainment of outcomes that will be evaluated by the WDB on a quarterly basis. Given the required performance standards under WIOA, if, at any time, the contractor's performance falls below the performance goals, the contractor may be subject to corrective action, contract cancellation, and/or the recapture of funds, in accordance with WDB policy.

Contractor will submit the attached Performance Report on a Monthly basis. Reports are due within ten (10) days after the end of each month. An accompanying narrative outlining reasons for underperformance and plan for improvement should accompany reports for any measures where the stated goal is not being met. Should the format of the Performance report change during the contract period, the County will advise the contractor as soon as possible.

6. Incentive and Stipend Payments Policy

Contractors may provide cash or other appropriate incentives to youth to recognize and award the achievement of a defined goal in compliance with WIOA requirements. Justification for the payment must be documented and identified by the contractor. Such payments will be in accordance with (1) the WDB's incentive policy and (2) the contractor's own individual incentive policy which is to be approved by WDB prior to implementation. (See WDB's WIOA Youth Program Requirements policy at http://vcportal.ventura.org/wdb/wdb_policies/WDB_Policy_2019-10-WIOA-Youth-Program-Requirements.pdf.)

When an employer-employee relationship does not exist, a stipend may be used as an allowable payment for participation in occupational skills training or classroom activities, including high school equivalency preparation, work readiness, or employability skills training. Stipends can be offered instead of wages or concurrently for classroom training that complements a work experience. A stipend is usually a set amount given for participation/completion of an activity. Stipends can be paid in a lump sum, at specific intervals or bi-weekly. See WDB Policy 2023-07 Stipends at http://vcportal.ventura.org/wdb/wdb_policies/WDB_Policy_2023-07_Stipends.pdf

7. Participant Payments/Employer of Record

Service providers must have the capacity to provide direct monetary payments to youth, including hourly wages or stipends. This can be done directly by the service provider or through partnership with another entity, including a payroll-processing firm. The employer of record must adhere to all child labor laws regarding hours of employment, working conditions, worker's compensation insurance, etc. For more information, see the following website: <https://www.dir.ca.gov/DLSE/ChildLaborLawPamphlet.pdf>.

8. General Contractor Responsibilities

To ensure compliance with the provisions noted above, the Contractor will be responsible for the following:

- Contractor will meet regularly (no less than quarterly) with WDB staff to discuss enrollments, participant retention, program design, outcomes (employment and education), program expenditures, staffing, and other items that have the potential to impact the quality of the program and services provided under the contract. Contractor will utilize WDB-prescribed reporting tools and will ensure timely data entry in the appropriate database(s).

- If the contractor is not meeting expected performance levels, WDB staff may request corrective action plans and/or conduct additional monitoring.
- Regional collaboration and reporting will be required, and the program operator will be required to participate in regional work. The level of participation and specific roles to be played will be determined on a project-by-project basis.
- Contractor will be expected to provide reports as needed. Contractor will respond to regular and ad hoc reporting requests in a prompt and timely manner.
- Maintaining ongoing coordination and communication with County representatives and participating in all training and meetings as directed by the County.
- Ensuring contractor's staff have appropriate knowledge and skills to properly operate and document all services, activities, and outcomes in CalJOBS, the State's approved automated case management system.
- Preparing and submitting to the County on a timely basis monthly invoices for direct and sub-contracted partner expenses, separated by IS and OS expenses, including in-kind.
- Reporting on progress indicators as directed by County.

Staff may be expected to be available after hours on-call to respond to their clients.

Below are examples of positions and corresponding functions for staffing. These roles are not required, yet are provided to display possible staffing levels and responsibilities. The roles would not necessarily need to be performed by different individuals, and may be part-time or full-time in nature, depending on volumes.

- **Administrative Assistant:** The Administrative Assistant would be responsible for greeting clients and managing the reception area, client outreach, and appointment scheduling.
- **Information & Enrollment Specialist (IES):** The IES provides information about the programs, contacts customers for eligibility appointments, assists customers in the application process, helps with gathering eligibility documents, and determines eligibility. The IES would assist with outreach, recruitment, and will also conduct quarterly client follow-up and record the information in CalJOBS.
- **Career Navigator (CN):** The Career Navigator would provide case management for participants to facilitate growth and development, participation in program activities, and support achievement of performance outcomes. The individual would organize, attend and/or participate in special events and promotions including conducting information sessions, job fairs, community events, etc. The Workshop Facilitator and Outreach Specialist would conduct on-site, off-site, and virtual information sessions for outreach and recruiting purposes for programs and services. The Specialist would present workshops (in person or remotely) that focus on such topics as career exploration, creating a powerful resumé, learning to network effectively, understanding how to negotiate for the best possible employment situation, and other topics of interest and value to the youth. The Workshop Facilitator and Outreach Specialist would provide information and technical assistance to workforce development agencies, community colleges, and faith/community-based organizations.

- **Business Solutions Representative (BSR):** The BSR's primary functions would be to engage industries and employers with both the program and participants and to coordinate all work-related activities. The BSR would facilitate OJT, employer driven occupational skills training, apprenticeships, and job placements. The BSR would work with the Career Navigator as part of a comprehensive case management system.
- **Program Manager (PM):** The Program Manager would manage the successful implementation of the program assuring that all contractual commitments are met, as well as manage staff performance and establish and maintain a positive working relationship with the WDB and all workforce partners. The Program Manager would facilitate project accomplishments and ensure that management decisions and contractual goals are understood and supported by staff. The Program Manager would be directly responsible for all fiscal and program oversight.

10. Leveraged Funds

Providers are encouraged to seek leveraged funds (in-kind or cash contributions and other leveraged resources) from non-WIOA and other non-federal sources to assist in the operation of this project. Leveraged funding could be supplemental from in-kind services, equipment, space, or cash contributions from funds that are leveraged from other non-WIOA/non-federal sources. In-kind/leveraged funds amounts and source(s) must

be clearly described in the budget narrative and on the Excel budget form, and must be tracked throughout the program year and included in the monthly invoice.

MOUs and Agreements from partners should specify what resources (cash, in-kind, program slots, staff support, equipment, space, transportation, materials, etc.) the partner is adding to the program, if any, and the estimated dollar amount of leveraged funds to be provided.

11. Automated Case Management

The contractor will receive training in, and have access to, CalJOBS, the State's automated on-line data and case management system. Contractor will maintain current information on all participants as required by the contract and State and local guidance, and will complete, input and upload all required documentation into CalJOBS. This includes entry of individual participant data such as eligibility determination, demographic data, activities, case notes, Individual Service Strategy, supportive service receipts, and participant outcomes. The County will provide training to contractor's staff on these functions.

12. Site Requirements

Contractor will need to identify a minimum of one physical location in Ventura County at which participant services will be provided. The location must be compliant with the Americans with Disabilities Act (ADA) and accessible by public transportation. Contractor will need to complete and submit a State Department of Rehabilitation Accessibility form prior to enrolling any WIOA clients. Contractor will need to ensure youth have access to services and service locations given any geographic or transportation barriers, including meeting clients where they are when appropriate.

13. Branding

WIOA-funded programs will follow the branding guidelines issued at the federal, state and local level. Youth programs will be described as the "WIOA Youth Program" unless otherwise directed by WDB staff. All branded program items and materials will be reviewed/approved by WDB staff prior to release/distribution.

All such materials will meet the requirements of Steven's Amendment (Public Law 101-166) as it pertains to transparency of federal funds (see http://vcportal.ventura.org/wdb/wdb_policies/WDB_Policy_2021-02_Stevens_Amendment_Requirements.pdf) and will include reference to WIOA and the following statement: "This WIOA Title-I financially assisted program or activity is an equal opportunity employer/program. Auxiliary aids and services are available upon request to individuals with disabilities. TDD/TTY inquiries call the California Relay Service (800) 735-2922 or 711."

14. Budgets

The following funding requirements and restrictions apply:

- Contractor will be required to track expenditures separately for in-school vs. out-of-school youth during invoicing.
- Contractor will plan for required minimum work experience/training expenditure amounts in their budget as outlined below. Actual dollar amounts that must be spent on work experience/training will be provided by WDB to contractor annually at the time of contract development, based on the annual approved WIOA budget allocation.

75% Minimum Out of School spending requirement	\$802,500
20% Work Experience (WEX) spending requirement	\$271,085

The above amounts may overlap in the case of an OS youth who receives work experience.

- Proposed programs could provide Leveraged Funds (cash, in-kind and other leveraged resources).

15. Additional Requirements

Pandemic/Emergency disruption of normal operations/services: In the event of short- or long-term conditions which impact the contractor's normal service delivery operations, such as a declared public health emergency

or disaster, contractor shall immediately notify County of the status and impact on operations, staffing and client populations. Contractor shall work with County to develop a strategy to be approved by County for alternative methods to deliver services and plan for timely return to normal service operations, while also adhering to federal, state and local safety and public health directives at all times.

Language/Interpreting services: Should there be occasions when contractor does not have bilingual staff employed, the contractor shall secure interpreting services as needed. Contractor shall assume the responsibility of interpretation costs or may request a budget modification to transfer funds from staffing to translation services in order to provide translation when needed.

Diversity in staff: Cultivate staff and program capacity in the areas of diversity, equity and inclusion to address and serve clients in a culturally and linguistically sensitive manner and ensure equal access to services and equitable outcomes across the diverse client population.

The WDB has entered into a [Memorandum of Understanding \(MOU\)](#) with each required WIOA system partner. Contractor will be expected to sign the MOU and comply with the terms of the MOU and the responsibilities required of the Adult and Dislocated Worker Programs. Applicant agrees, to the terms of that MOU, which includes:

- The services that will be provided through the workforce system, including the way the services will be coordinated and delivered.
- Methods of referral between the System Partners.
- Methods to ensure the needs of customers will be met, including workers, youth, individuals with barriers to employment, and individuals with disabilities.
- Cost sharing among WIOA system partners.
