Ventura County Supervisors,

As a constituent within Supervisor Gorell's district and a longtime resident of Ventura County, I am contacting you again to request that you do not bow to the pressure being placed upon you by the right wing activists of Restore the Vote who seek to undermine our election integrity. Similar efforts are underway across much of the country to undermine election systems that are proven to work, simply because people within these groups do not accept the outcomes of elections held with these systems that do not turn out in their favor. Please maintain your own political strength and integrity on behalf of the vast majority of Ventura County's residents, who want to maintain our proven and effective election system as it is. There will undoubtedly continue to be efforts to undermine the integrity of our political system for the benefit of a relative few who wish to impose their political agenda. You must continue to resist these efforts on behalf of the people you serve.

Thank you,

Jackson Piper
Newbury Park, CA
