Supervisors,

The Ventura County 2040 General Plan represents our shared vision for a safe future. Please do not compromise it for the sake of Big Oil and big donors - vote no.

And while you are at it, let's find out what the plans and the costs are to clean up the more than 1000 idle oil wells - many idle for more than a decade but uncapped. If you are truly concerned about the well-being of your constituents, this would be near or at the top of your agenda.

Thank you,

Best,
Bill Barclay
