

## Pre-Disaster and Flood Mitigation Assistance NOTICE OF INTEREST (NOI)

### Control No:

All fields must be completed with valid input

[Click on Links for Help](#)

#### 1. Grant Program:

☒ PDM ☐ FMA

#### 2. This NOI is for a (select one):

☒ Project ☐ Planning

#### 3. Eligible Sub-applicant Type:

☐ City ☐ County ☐ State ☒ Special District

#### 4. Hazard Type:

Flood ▼

#### 5. Mitigation Activity Type:

Flood Control ▼

#### 6. Does this activity incorporate climate resilient mitigation activities?

☒ No ☐ Yes

#### 7. Activity Costs:

Federal Requested	\$	<input type="text" value="2,500,000.00"/>
Share:		
Applicant Cost Share:	\$	<input type="text" value="8,700,000.00"/>
Total Activity Cost:	\$	<input type="text" value="11,200,000.00"/>

#### 8. Have you completed a Benefit Cost Analysis (BCA) using the most current FEMA BCA Toolkit version?

☐ No ☒ Yes ☐ N/A

Benefit: \$	Cost: \$	<input type="text" value="12,921.597"/>
<input type="text" value="66,603,368"/>		

Ratio:
<input type="text" value="5.15"/>

#### 9. Have the Cost Sharing Funds been secured?

☒ No ☐ Yes

#### 10. Activity Title/Name:

#### 11. Population:

#### 12. Activity Location:

Union Pacific Railroad Bridge (UPRR) to the east. Phase 1, Victoria Avenue to the north-south-oriented segment of Ventura Road, which included Reaches 1-3, was completed in February 2018. Phase 2 (the Completion Phase of the project) consists of Reach 4, encompassing 0.43 miles of river bank adjacent to and parallel with the northeast-southwest-oriented corridor of Ventura Road, generally between the River Ridge Golf Course to the west and the UPRR to the east.

#### Latitude & Longitude:

[e.g, 34.324862 -120.345677](#)

#### 13. Describe the problem to be mitigated: \*Include past occurrence and how often they occur.

FEMA and WPD have determined that the river could overflow its banks at the project site during a 1% annual chance event, presenting a risk to residential, commercial, and industrial properties and critical infrastructure, and causing a high degree of property damage and potential disruption to the economy. The depth of flooding associated with the overflow is generally 1 to 6 feet with depths up to 17 feet in some low-lying areas.

#### 14. Describe the scope of work: Describe in detail the proposed mitigation activity. Explain how the activity will solve the problem, provide the level(s) of protection. Include a description of the desired outcome and methodology of the proposed activity, solutions evaluated, and objective to be achieved.

with the prior completion of Phase 1, will allow WPD to certify the levee system, and therefore facilitate FEMA's accreditation of SCR-3 by providing present and future protection from the 1% annual chance flood to approximately 3,800 structures in North Oxnard with an estimated population of nearly 9,000, and FEMA BCA benefits calculated at almost \$67M, with a BVA of 5.15.

b. This project is the completion of a four-reach, two-phase levee design and construction project for the Santa Clara River between

**15. Performance Period (Not to exceed 36 Months):**

\*NOTE: For LHMPs, you must include at least 6 months for OES and FEMA review and approval process.

**16. Does this project include National Flood Insurance Program (NFIP) Properties?** ☐ No ☒ Yes**17. Duplicate Programs:**

Is this activity eligible for funding from another federal program such as the NRCS Emergency Watershed Protection Act, FEMA Assistance Program, and the US Department of Agriculture/Department of the Interior Healthy Forest Restoration Act of 2002?

☐ Yes ☒ No ☐ Uncertain

If yes, identify the program and the Disaster Survey Report, Project Worksheet, or application number(s).

**18. Local Hazard Mitigation Plan Requirement (For Projects Only):**

Provide a narrative that identifies how the proposed project activity is in conformance with your FEMA-approved Local Hazard Mitigation Plan (LHMP). Any references to the LHMP must include the page number and/or section.

of Levee Failure Inundation. Urban levee systems are built to provide flood protection and flood loss reduction for population centers and the industrial, commercial, and residential facilities located within them. Currently, SCR-3 is not certifiable to FEMA under its present condition. The Completion Project will complete the work required for FEMA accreditation of the certification of the entirety of SCR-3 in accordance with the requisite levee certification regulations found in 44 CFR 65.10.

**19. LHMP Approval Date:** 

NOTE: All Subapplicants submitting mitigation projects must have a FEMA approved LHMP by the **FEMA** application deadline and at time of obligation in accordance with Title 44 CFR Part 201.

**20. Sub-applicant Name:** **21. Sub-applicant Address:** City: County: State:  Zip C**22. Name of Person Completing NOI:** **23. Federal Information Processing Number (FIPS #):**  ###-####
