As required by law, as the governing body of Ventura County Medical Center (VCMC), your Board is responsible for determining appropriate credentialing standards, including the qualifications outlined in the delineation of clinical privileges forms of all practitioners who provide patient care services for the Health Care Agency (HCA).

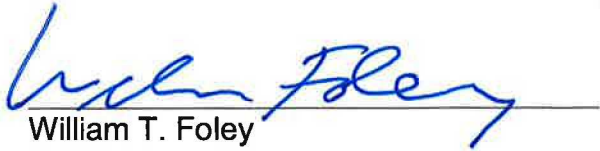

The new delineation of clinical privileges forms set forth in Exhibits 1 and 2 were reviewed and recommended for approval by the Medical Executive Committee on July 9, 2019. Approval of the delineation of privileges forms (Exhibits 1 and 2) provides for the safety, health and social service needs of the County residents by ensuring appropriate patient care services in the HCA.

This approval process is in accordance with the requirements of California Code of Regulations, Title 22, Centers for Medicare and Medicaid Services guidelines, the standards of The Joint Commission and the Medical Staff Bylaws.
