INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors County of Ventura, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County of Ventura, California (County), as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated January 30, 2019. Our report included an emphasis-of-matter regarding the County's adoption of Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, effective July 1, 2017. Our report also includes a reference to other auditors who audited the financial statements of the Ventura County Public Financing Authority and the Children and Families First Commission of Ventura County, as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2018-001 that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

County's Response to Finding

The County's responses to the findings identified in our audit are described in the County's separate corrective action plan. The County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

VALUE THE difference

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE; AND THE SUPPLEMENTAL SCHEDULE OF CALIFORNIA STATE DEPARTMENT OF AGING EXPENDITURES OF FEDERAL AND STATE AWARDS

To the Board of Supervisors County of Ventura, California

Report on Compliance for Each Major Federal Program

We have audited the County of Ventura, California's (County) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2018. The County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

The County's basic financial statements include the operations of the Children and Families First Commission of Ventura County, a discretely presented component unit, which received \$150,943 in federal awards which is not included in the schedule during the year ended June 30, 2018. Our audit, described below, did not include the operations of the Children and Families First Commission of Ventura County because they engaged other auditors.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2018-002 through 2018-005. Our opinion on each major federal program is not modified with respect to these matters.

The County's response to the noncompliance findings identified in our audit is described in the County's separate corrective action plan. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item 2018-002 through 2018-005 that we consider to be significant deficiencies.

The County's response to the internal control over compliance findings identified in our audit are described in the County's separate corrective action plan. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance and the Supplemental Schedule of California State Department of Aging Expenditures of Federal and State Awards

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated January 30, 2019, which contained unmodified opinions on those financial statements. Our report included an emphasis of matter regarding the County's adoption of Governmental Accounting Standards Board (GASB) Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, effective July 1, 2017. Our report also included a reference to other auditors who audited the financial statements of the Ventura County Public Financing Authority and the Children and Families First Commission of Ventura County, as described in our report on the County's financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. The Supplemental Schedule of California State Department of Aging Expenditures of Federal and State Awards is presented for purpose of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and the Supplemental Schedule of California State Department of Aging Expenditures of Federal and State Awards are fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED JUNE 30, 2018

NOTE #1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. General

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all Federal award programs of the County of Ventura, California (County) with the exception of the federal award programs of the Children and Families First Commission of Ventura County, a discretely presented component unit, in the amount of \$150,943, which is not included in the schedule during the year ended June 30, 2018, and were subject to separate audits by other independent auditors. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because this schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in position, or cash flows of the County. The County's reporting entity is defined in Note 1 of the notes to the County's basic financial statements.

2. Basis of Accounting

The accompanying Schedule of Expenditures of Federal Awards is presented using the modified accrual basis of accounting except for programs recorded in the County's enterprise funds, which are presented using the accrual basis of accounting, which is described in Note 1 of the notes to the County's basic financial statements. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule of Expenditures of Federal Awards represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

3. Relationship to Comprehensive Annual Financial Report

Federal award expenditures agree or can be reconciled with the amounts reported in the County's basic financial statements.

4. Relationship to Federal Financial Reports

Amounts reported in the accompanying schedule agree with the amounts reported in related federal financial reports.

5. Medicaid Cluster

Except for Medi-Cal administrative expenditures, Medi-Cal and Medicare program expenditures are excluded from the schedule of expenditures of federal awards. These expenditures represent fees for services; therefore, neither is considered a federal award program of the County for purposes of the schedules of expenditures of federal awards or in determining major programs. The County assists the State of California (State) in determining eligibility and provides Medi-Cal and Medicare services through County-owned health facilities.

Medi-Cal administrative expenditures are included in the schedule of expenditures of federal awards as they do not represent fees for services.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS (Continued) FOR THE YEAR ENDED JUNE 30, 2018

NOTE #2 – INDIRECT COST RATE

With the exception of the following programs, the County has not elected to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

FEDERAL CFDA		
NUMBER	FEDERAL PROGRAM TITLE	COUNTY PROGRAM TITLE
10.557	Special Supplemental Nutrition Program for Women,	Special Supplemental Nutrition Program for Women,
	Infants, and Children	Infants, and Children (WIC)
93.610	Health Care Innovation Awards (HCIA)	COPD Access to Community Health (CATCH)
93.778	Medical Assistance Program	Pediatric Palliative Care

NOTE #3 – OUTSTANDING LOANS OF FEDERAL FUNDS

The following schedule represents the amount of outstanding loans by CFDA No. that have continuing compliance requirements. The County's loans are administered by the Community Development Division of the County of Ventura. Funds for these loans are provided by the U.S. Department of Housing and Urban (HUD):

Outstanding Loans with Continuing Compliance Requirements

CFDA						P			utstanding at
No.	Federal Program	Вед	nning Balance	Addi	tional Loans	Repay	ments	Ju	ne 30, 2018

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (Continued) FOR THE YEAR ENDED JUNE 30, 2018

II. FINANCIAL STATEMENT FINDINGS

Finding 2018-001

System Procedures Related to Patient Accounts

Criteria:

The Medical Center should maintain policies and procedures to ensure the accuracy and integrity of patient accounts charges, receivables and contractual allowances.

Condition:

During our testing of patient accounts receivable, we noted two patient encounters with charges and accounts receivable that pertained to test data. Upon further inquiry, we noted that test data was created in the Medical Center's Electronic Medical Records System (CERNER) production environment to perform testing to ensure charges were being properly processed. As these cases were included within the accounts receivable, the gross accounts receivable was overstated.

In addition, we noted that the CERNER system was not consistently posting contractual allowance adjustments correctly to patient accounts where there was a primary and secondary payor. This resulted in certain patient accounts reflecting credit balances (i.e. negative accounts receivable balances). When a patient with both a primary and secondary payor encounter occurs, a claim is generated and billed to the primary payor. Once payment is received from the primary payor, the payment and contractual adjustment are posted in CERNER. The claim is then automatically crossed over to the secondary payor along with the explanation of benefits where CERNER obtains the electronic posting from the secondary payor website. The total billed amount is again contractually adjusted in CERNER instead of adjusting the remaining balance. As a result, certain patient accounts reflect credit balances. For financial reporting purposes however, these credit balances are extracted to arrive at the proper accounts receivable at year end. However, without additional analysis, this process increases the risk of errors in the contractual allowance transactions.

Context:

The CERNER system is utilized by the Medical Center to account for and process all patient charges, contractual allowances and related outstanding balances. The processes and procedures related to revenue recognition and patient accounts receivables were considered as part of the audit process.

Cause:

The Medical Center did not maintain policies and procedures to:

- Test data and/or application changes in a "test" environment as opposed to the production environment, and
- Address the system matters related to CERNER's processing of contractual allowance where there is a primary and secondary payor.

Effect:

There is an increased risk of misstatement for the patient accounts receivable and contractual allowances.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (Continued) FOR THE YEAR ENDED JUNE 30, 2018

II. FINANCIAL STATEMENT FINDINGS

Recommendation:

We recommend the Medical Center review its current policies and procedures related to the testing of its software applications. We recommend that application testing be segregated and performed outside of the live/production environment to ensure the accuracy of the accounts receivable and patient charges.

Further, we recommend that the Medical Center review the secondary payor electronic posting process to address any system/technical matters related to CERNER.

Views of Responsible Officials and Planned Corrective Actions:

See separate corrective action plan.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (Continued) FOR THE YEAR ENDED JUNE 30, 2018

III. FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS

The following findings represent significant deficiencies and/or instances of noncompliance required to be reported in accordance with 2 CFR 200, Subpart F.

Finding 2018-002

Program: Block Grants for Prevention and Treatment of Substance Abuse (SAPT)
CFDA No.: 93.959
Federal Grantor: U.S. Department of Health and Human Services
Passed-through: California Health and Human Services Agency
Award No. and Year: 94-9088447 – 2017-18
Compliance Requirements: Subrecipient Monitoring

Criteria:

2 CFR section 200.331(b), Requirements for Pass-Through Entities, states that all pass-through entities must evaluate each subrecipient's risk of noncompliance with Federal statues, regulations and the terms and conditions of the subaward for purposes of determining the appropriate subrecipient monitoring.

Condition:

Of the three subawards selected for testing, we noted the evaluation of the subrecipient's risk of noncompliance with Federal statutes, regulations and the terms and conditions of the subaward was performed but not documented.

Questioned Costs:

No questioned costs were identified as a result of our procedures.

Context:

Three subrecipients totaling \$1,098,346 of current expenditures were selected for testing from a total population of six subrecipients totaling \$1,713,286. For the three subrecipients tested, evaluation of the subrecipient's risk of noncompliance with Federal statutes, regulations, and the terms and conditions of the subaward was performed but not documented.

Effect:

There is an increased risk that the monitoring procedures performed may not address the subrecipient's risk of noncompliance.

Cause:

The County did not have procedures implemented to ensure the evaluation of the subrecipient's risk of noncompliance was documented.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (Continued) FOR THE YEAR ENDED JUNE 30, 2018

III. FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS

Recommendation:

We recommend that the County implement policies and procedures to ensure that the required evaluation of the subrecipient's risk of noncompliance be documented.

Views of Responsible Officials and Planned Corrective Actions:

See separate corrective action plan.

Finding 2018-003

Program: Block Grants for Prevention and Treatment of Substance Abuse (SAPT), HOME Investment Partnerships Program (HOME)
CFDA No.: 93.959, 14.239
Federal Grantor: U.S. Department of Health and Human Services, U.S. Department of Housing and Urban Development
Passed-through: California Health and Human Services Agency
Award No. and Year: 94-9088447 – 2017-18, Various
Compliance Requirements: Subrecipient Monitoring

Criteria:

2 CFR Part 200.331(a), Requirements for Pass-Through Entities, states that all pass-through entities must ensure that every subaward is clearly identified to the subrecipient as a subaward and includes certain information at the time of subaward.

Condition:

Of the four subawards selected for testing, we noted that the required award information and applicable requirements were not provided at the time of subaward.

Of the three subawards selected for testing, the following information was not provided at the time of subaward for SAPT:

- Subrecipient's unique entity identifier
- Federal award identification number
- Federal award date of award to the recipient by the Federal agency
- Identification of whether the award is research and development

Of the one selected for testing, the following information was not provided at the time of subaward for HOME:

- Subrecipient's unique entity identifier
- Federal award identification number
- Federal award date of award to the recipient by the Federal agency
- CFDA number

Questioned Costs:

No questioned costs were identified as a result of our procedures.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (Continued) FOR THE YEAR ENDED JUNE 30, 2018

III. FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS

Context:

For SAPT, three subrecipients totaling \$1,098,346 of current expenditures were selected for testing from a total population of six subrecipients totaling \$1,713,286. For HOME, one subrecipient totaling \$405,876 of current expenditures were selected for testing from a total population of three subrecipients totaling \$721,293. For the four subrecipients tested, the subaward information identified above was not provided to the subrecipient at the time of subaward.

Effect:

The County did not identify the required elements of the subaward to the subrecipients at the time of subaward, increasing the risk of noncompliance.

Cause:

The County did not have procedures implemented to ensure that the required award information and applicable requirements were communicated to subrecipients.

Recommendation:

We recommend that the County implement policies and procedures to ensure that all required award information and applicable requirements is obtained and communicated to subrecipients at the time of subaward.

Views of Responsible Officials and Planned Corrective Actions:

See separate corrective action plan.

Finding 2018-004

Program: Block Grants for Prevention and Treatment of Substance Abuse (SAPT)
CFDA No.: 93.959
Federal Grantor: U.S. Department of Health and Human Services
Passed-through: California Health and Human Services Agency
Award No. and Year: 94-9088447 – 2017-18
Compliance Requirements: Procurement and Suspension and Debarment

Criteria:

2 CFR Section 200.303, *Internal Controls*, requires that non-Federal entities receiving federal awards establish and maintain internal control designed to reasonably ensure compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. The County maintains procurement policies and procedures, which requires that a written sole source justification must be evaluated at each contract renewal.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (Continued) FOR THE YEAR ENDED JUNE 30, 2018

III. FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS

Condition:

Of the eight contracts selected for testing, we noted we noted three contracts relied on a sole source justification from the initial procurement of the contract with the vendor and no evaluation of the sole source justification was documented for the current contract term.

Questioned Costs:

No questioned costs were identified as a result of our procedures.

Context:

Eight contracts totaling \$1,892,230 of current year expenditures were selected for testing from a population of 17 contracts totaling \$2,689,810. For the three contracts tested totaling \$537,384, documentation of the evaluation of the sole source justification was not maintained for the current contract term.

Effect:

Failure to perform and maintain documentation for procurements in accordance with the County's existing procurement procedures resulted in non-compliance with the County's procurement policies and procedures.

Cause:

The County's procedures did not consistently ensure that the required procurement procedures was followed.

Recommendation:

We recommend that the County ensure adherence to existing procurement procedures to ensure that the appropriate procurement method is performed prior to awarding the contract and maintain documentation as part of the contract files as evidence that the procurement procedures were followed.

Views of Responsible Officials and Planned Corrective Actions:

See separate corrective action plan.

Finding 2018-005

Program: Block Grants for Prevention and Treatment of Substance Abuse (SAPT)
CFDA No.: 93.959
Federal Grantor: U.S. Department of Health and Human Services
Passed-through: California Health and Human Services Agency
Award No. and Year: 94-9088447 – 2017-18
Compliance Requirements: Activities Allowed or Unallowed and Allowable Costs/Cost Principles

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (Continued) FOR THE YEAR ENDED JUNE 30, 2018

III. FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS

Criteria:

2 CFR 200.403(i), *Standards for Documentation of Personnel Expenses*, states that charges to Federal awards for salaries and wages records must be supported by a system of internal control which provides reasonable assurance that the charges are accurate, allowable, and properly allocated.

Compensation for personal services charged to the programs is supported by the County's use of timecards for employees. The County uses an electronic time system to enter and approve employee time. Once an employee enters time for the pay period, the employee's supervisor reviews and approves the employee's time by "locking" the timecard. If the employee's supervisor does not review the timecard, the timecard is "auto locked" by the electronic time system in order to process payroll. For those timecards that are "auto locked", each decentralized department's payroll clerk sends out an email reminding the supervisor to approve the hours in order to evidence proper approval.

Condition:

Of the 19 employees and payroll transactions selected for testing, we noted one timecard where the employee's timecard was not approved by a supervisor.

Questioned Costs:

No questioned costs were identified as a result of our procedures.

Context:

19 employee payroll transactions totaling \$39,414 were selected for testing from a total population of 182 employee payroll transactions totaling \$833,000. For one of the employee payroll transactions tested, the timecard was not approved by the employee's supervisor.

Effect:

Lack of review for personnel hours could lead to unallowable activities and costs to be charged to the Federal program.

Cause:

The County's procedures did not consistently ensure that the review of timecards was documented.

Recommendation:

We recommend that the County modify and/or strengthen its current policies and procedures to ensure that all timecards consistently document evidence of supervisor approval. The procedures should also address the compensating controls for circumstances where obtaining the supervisor's approval is not possible.

Views of Responsible Officials and Planned Corrective Actions:

See separate corrective action plan.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED JUNE 30, 2018

Summarized below is the current status of all audit findings reported in the prior audit's schedule of findings and questioned costs.

Finding	Program	CFDA No.	Compliance	Status
No.			Requirement	
2016-002	Medicaid Cluster	93.778	Eligibility	Implemented
