SUBJECT: **Verizon Wireless Rincon Point Conditional Use Permit Case No. PL14-0128: Errata Memorandum Correction**

INTRODUCTION

This memorandum is provided to your Commission to document a correction in the Mitigation Negative Declaration (Exhibit 4) for the above noted project that will be heard at the June 23, 2016 Planning Commission hearing. The correction does not affect the conclusions made in the Mitigated Negative Declaration, and a re-circulation of the Mitigated Negative Declaration is not required. The Mitigated Negative Declaration will be updated to note this correction.

CORRECTION

On page 6 and 22 of the Mitigated Negative Declaration, it is noted that the equipment area would be located on a 7-inch by 7-inch concrete pad. This is an error. The equipment area would be located on a 7-foot by 7-foot concrete pad (i.e. 49 square feet).
