

2015 Cyber Security Calendar

*Ashlyn, Grade 10
State of Oklahoma*

MULTI-STATE
Information Sharing
& Analysis Center™

Stay**SafeOnline**.org
Powered by National Cyber Security Alliance

Consistent with the MS-ISAC's awareness mission, the MS-ISAC develops and delivers the Cyber Security Awareness Toolkit materials to all 50 States, the District of Columbia, various U.S. Territories, and many local governments across the nation. The purpose is to promote a consistent message about cyber security education and awareness and provide products for broad distribution. The goal is that through our materials, we will provide necessary information to improve everyone's cyber security posture.

This Cyber Security Calendar was developed as part of that effort.

Each year, the MS-ISAC conducts a children's cyber security poster contest to encourage students, parents and educators to participate in cyber security awareness. Each state is encouraged to conduct its own contest; the winning state submissions are entered into the national MS-ISAC contest, and those winners are included in this Cyber Security Calendar.

More information about the poster contest can be found at:
<http://msisac.cisecurity.org/awareness/postercontest/>

Internet Safety Tips

Do

Don't

1. Talk to parent or adult about anything that you don't understand or like.
2. Always keep your personal information private.
3. Do report bullies to adults.

1. Don't ever talk to strangers!!

2. Never give out your full name, address, phone numbers or passwords.
3. Don't be afraid to report a bully.

Remember: Follow these rules and you will be cool!!

JANUARY 2015

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
<p><i>The New Year is here! Did you get a new computer or mobile device as a gift? Make sure it is properly protected by installing anti-virus and anti-spyware, enabling your firewall, and automatic updates on all of your software. More tips are available on our website at www.cisecurity.org</i></p>				1 <i>*New Years Day</i>	2	3
4	5	6	7	8	9 <i>Be sure to have a firewall installed and enabled on your computer.</i>	10
11	12	13 <i>Microsoft Patch Tuesday</i>	14	15	16	17

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
Valentine's Day is just around the corner and we all know what that means: red roses, heart-shaped boxes... and viruses. Hackers will use any holiday or special event to infect as many users as possible through social engineering techniques. To learn how to use the web safely, please visit the CIS Website.						
1	2	3	4	5	6 <i>Learn how to use your smartphone securely.</i>	7
8	9	10 <i>Microsoft Patch Tuesday</i>	11	12	13	14 <i>Not every valentine is filled with sweet words or candy. Don't fall for phishing tricks.</i>
