Mr. Stephens,

Please can you pass these comments on to the Planning Commission as I will not be able to attend due to work commitments:

I am writing to strongly support the County-Initiated Proposal to Amend the Ventura County General Plan to Incorporate and Reference the Santa Rosa Valley Trail Master Plan. This is item 8 on the the agenda for 7/30/15.

The Santa Rosa Valley Municipal Advisory Council, of which I am a member, has voted unanimously to approve this. Our community has worked hard over several years to create this Trail Plan and get it adopted into the General Plan.

Thank you for your consideration and support on this.

Mr. Stephens,

Please can you pass these comments on to the Planning Commission as I will not be able to attend due to a prior engagement.

I am writing to strongly support the County-Initiated Proposal to Amend the Ventura County General Plan to Incorporate and Reference the Santa Rosa Valley Trail Master Plan. This is item 8 on the the agenda for 7/30/15.

The Santa Rosa Valley Municipal Advisory Council, of which I am the current Chairman, voted unanimously to approve this on November 20, 2014. Our community has worked hard and in coordination with the Santa Rosa Valley MAC over several years to create this Trail Plan. We urge the commission to get it adopted into the General Plan.

Thank you for your consideration and support on this.

Mr. Stephens,

With this email I am writing to strongly support the County-Initiated Proposal to Amend the Ventura County General Plan to Incorporate and Reference the Santa Rosa Valley Trail Master Plan. This is item 8 on the the agenda for 7/30/15. I have work commitments and cannot attend in person and ask that this email's contents be circulated to show my support of the item.

I have worked on several committees within our community over several years to help create this Trail Plan and see widespread community support.  
The Santa Rosa Valley Municipal Advisory Council, of which I am a member, has also voted unanimously to approve this.  
Getting it adopted into the General Plan would be of huge benefit for our unity.

Thank you for your consideration and support on this.

Ruth
