Subject: Replacement of the 1963 Services Agreement between the City and Ventura County's Harbor Department

As a resident and property owner in Ventura County I request that you read into the record that I DO NOT support the proposed new Services Agreement between the City of Oxnard and Ventura County. If an interim agreement is required to maintain essential services, I request that Terms 11 – 21 be removed, allowing them to be addressed at a time when the larger Community Governance Issues are discussed. Thank you.

Yours sincerely,
