It's a great idea to reopen the parking lot at La Janelle Park. Parking in the area has been horrendous on good beach days while the lot has been closed. This may not get better since Oxnard is more populated and has been discovered by out of towners.

I suggest that the following be incorporated in the discussions in adding Bollards and reopening the Parking Lot.

- 1) Have the Bollards "carved" with waves or dolphins similar to Malibu to reduce the invite of graffiti to our less respectful visitors.
- 2) Add benches and perhaps handicap picnic tables for the ocean front. I would love to be the 1st to donate a bench in memory of a loved one.
- 3) Widen the roadway as soon as possible after the first home to reduce the length of one way traffic. This would be the most important aspect of reopening the Parking Lot. The mayhem that occurs when one vehicle has to backup either into the street or return to the lot is not acceptable.

Thank you for your time and consideration of my comments in your decision process.

Marge Nardin
