Dear Ventura County Board of Supervisors,

It is absolutely unacceptable that the Ventura County's Sheriff's Department continues to act as an extension of ICE, working closely with its agents to respond to the agency's detainers to subsequently deport individuals. The Sheriff's Department must stop its practice, strictly abide by the Truth Act and make Ventura County a Sanctuary county in accordance with SB54. I urge my county supervisor Bob Huber to vote to force the Sheriff's office to strictly comply with AB2792 immediately.

Sincerely,

Álvaro J. de Regil
