Hi, my name is Joey Juhasz-Lukomski, I run a nonprofit that serves all of Ventura County. I live in Fillmore. I urge you to prohibit any and all cooperation, partnering, and information sharing between VC Sheriffs and ICE. The supervisors recently declared racism a public health crisis. To allow VC Sherriffs to share information with ICE runs completely counter to that declaration. It would be like allowing people to fully pack movie theaters or restaurants during the pandemic. Take public health seriously, and don't encourage behavior that will only make these crises worse in Ventura County.

Thank You
