Agenda 34 TRUTH Act Forum

Statement: Ventura County Board of Supervisors

Thank you for holding the required TRUTH Act Forum, required by SB54 created to hold our Ventura County Sheriff Department accountable in circumstances when the VCSD is conducting ICE transfers from the VCSD jail. Please follow the lead of the city of Los Angeles and put an end to ALL ICE transfers from local jails here in Ventura County. The goal should always be ZERO transfers because our local Sheriff Department should focus on local law enforcement and not on Federal programs. ICE has proven to conduct dishonest searches and unconstitutional infringements on our freedoms. Please join other government entities who have suspended all ICE transfers due to COVID as this is a health issue and please also join other government entities by ending ALL ICE transfers in Ventruea County.

Sincerely,

Julie Diaz Martinez
Moorpark, CA
