In regards to Mr. Bennetts Proposal:

What happens to the people who do not qualify to remain on the Avenue? Will they move to another street and start the process over again?

Wouldn't opening up a county parcel for the safety of all be appropriate, whether that is at the Fairgrounds or at the Government center's parking lot. where sanitation and safety from fires be viable? Or perhaps a county-assisted financial agreement with a campground where there is all services (Ventura RV Campground)

As it is, our River is at jeopardy with trash and human waste, let alone the rest of the environment. And I am concerned for the children that are living on the Avenue with the traffic and the knowledge of drug dealing and known sex offenders living there (as noted in the Ojai Valley News)

My hope is that we can find a better, safer, healthier resolution, that also takes our environment into consideration.

Thank you,
